## Canada on Security Council

Canada has become a member of the Security Council of the United Nations, the first of the new member, elected on Thursday for a two-year term.

Canada has been elected in two of the major bodies of the United Nations, the other being the Economic and Social Council.

The Security Council has the primary responsibility for the maintenance of international peace and security and for the formulation of plans with the assistance of a military staff committee for submission to the Council. According to the charter of the United Nations, each member of the Council shall be represented at all times at the headquarters of the United Nations. This indicates why Canada will have to establish a permanent delegation at New York in N. H. headquarters. Her role will be important.

## History of His Time

A million and a quarter words of Mr. Churchill's history of the past decade has already been delivered to the publishers. According to the Daily Mail the date of publication of the first volume of the work is not yet known. No man ever before in his historical capacity has been able to write so many words of historical memoirs which will bring to life the figures as Mr. Churchill will be able to do. The amount of half a million pounds has been mentioned, and it is probable that the world rights will probably fetch.

No leader of his day has matched Mr. Churchill in his masterful address. Writer and historian and dominant figure in his own time as he writes, he has with his pen the means of the world's history and movements historical and with his words work will be in great demand, there can be no doubt, for in his address and in his work will be the cause of freedom. His mastery of English style, his humor and his gift in oratory are assets which will stand his future fame and this work of his hand and brain in good stead.

To the present age it is assuredly a great opportunity to read these writings of a great statesman and leader of his own time, the greatest figure in the world of his time, whose study of the history of our time, which he has helped to no small measure to make, cannot but be a vast treasury for lovers of freedom to study. It is the history which he led will be able to read the history which they saw in the making in the years of World War II.

## Country Living, City Working

Notable trends in the movement of population is reported in the United States Census Bureau report. The findings have become one of the nations with a very large population, the number of people having increased 10,000,000 early this year. The farm population has continued to shrink, the Bureau's report stating that in the period from April 1, 1930 to April 1, 1935, the farm population declined 2,911,000, or 27.500,000 and in the same period the city population rose 9,430,000, or 22.500,000, an increase of 12.7 per cent.

But a unique fact is also revealed in the report, the New York Times says. The farm population has increased at an even faster rate. In the seven-year interval the non-farm group figure became 3,387,000, an increase of 14.3 per cent.

Since the First World War the movement towards country living has been gathering momentum. Many students of the problem believe that decentralization of population will be important as the decentralization of industry. Improved transportation means that workers can live thirty or more miles from their work and modern science means that homes in the countryside have all the conveniences of urban life.

An American survey shows that the great majority of such families as live out of the city do so in a plan. It is commonly called part-time farming in which there are products raised to be sold. The plan is rather a large one, and a family party with a cow or goats or a few

of these, fruit and vegetables. The movement towards country living, city workers have a double-barrelled goal. In a semi-rural environment plus the economic advantage of home-raised foods.

## Styles

Historians trying to trace the vagaries of clothing styles may record this summer as the turning point. Women have started wearing shorter clothes, and men have started wearing shorter coats. The styles are so different that they could almost be called a new fashion.

Take straw hats, for example, as The New York Herald Tribune notes. Originally known as nothing more than a hat for the laborer, these hats are substituted today with gaudy bands, and even to shade the neighbor who has chosen a more conservative color.

The basic costume has also suffered in its changes. Summer suits, innocently conceived as "beach wear" some years ago, have strayed far from the sands and are now in New York City to city streets. Light-blue pants and flowered shirts, well open at the collar, are familiar features of the city. The tie, it is such a quaint object is to be worn, should be eliminated to show that the wearer is blind to new trends in masculine attire.

Traditionals will wonder if the movement means death for such classic items as the gray flannel suit and the plain white shirt, suggests the New York writer. Caught in this revolutionary reversal, there are no place to turn. To city streets, compromise with the seersucker, but this fabric is only a summer stopgap. The issue has been raised, and it is only to ask whether any truth remains in the advice that "clothes make the man."

—Stanford Beeson-Bird.

## Heated Sidewalks!

Montreal, which knows all about the inconveniences of heavy snowfalls, is hearing talk about heated sidewalks, and it must be failing, even though there may be doubts that anything will be done about them.

Even here, where snow is sparing in its visitations, the sidewalks are often so slippery, even though there may be doubts that anything will be done about them.

## The Cost of World War

Free Americans have any conception of the extent of the destruction of the world's wealth, which has been accumulated over centuries. If this had been spent to improve living standards, it would pay for all of the following: (1) A new free world for every single family in the world; (2) the elementary school education of 400,000,000 children over a period of ten years; (3) the education of 1,000,000,000 people in every city and town of more than 5,000 population in the entire world.

# Mercy Flight Will Bring Succor To Ailing Clergyman

Windsor, Oct. 1 (CP) — A 1,735-mile mercy flight to northern Ontario is likely to get under way today to bring succor to a Church of England Clergyman reported seriously ill at his lonely outpost.

Army officials, who announced Monday that the flight would start as soon as approval was received from Ottawa, did not reveal the nature of the illness which had stricken Canon John H. Turner, but said that his condition was reported as serious.

Preparations for the flight, which will involve parachuting

an army doctor from The River, Ont., said army air force would send several other paratroopers, to the cold isolated district yesterday as soon as word of the military flight was received.

Serious difficulties may face the specially-created Dakota aircraft which was designated for the trip because of the far northern region of British Columbia, and the fact that the flight is not accurate and the landing of the plane could be very hazardous.

Food supplies sufficient for two or three weeks may still be dropped with the troops in case bad weather should delay their departure after attempting to land in the remote region.

Due to the rough nature of the terrain an immediate landing of the aircraft will not be possible but later in the season, when sufficient low has formed to permit it, an aircraft will be sent up to carry the minister and any personnel with him.

# Nationalists Storm Chefoo, Cut Red Link

Nanking, Oct. 1 (AP)—Chinese Nationalists today stormed into the deep-water port of Chefoo on the north coast of Shanghai province today to cut the link between Communists below the Great Wall and those in Shanghai.

The fall of the big base, reported from men and supplies from the Russian-occupied port of Dairen to the north, virtually ended the quick conquest of the east Shanghai Peninsula by the Chinese government.

The Chinese government today announced the capture of Chefoo, and the Communist forces were reported to have fled toward the city of Shanghai.

# CUTS DISWASHING TIME 3 WAYS

VEL penetrates, cuts grease, loosens dirt faster. VEL eliminates wiping... dishes, glasses gleam... no streaky film to wipe away.

No dishpan ring with VEL... no soap scum to scour away.

USE put a few teaspoonfuls of VEL in your dishpan (about half as much as soap). Add water. VEL gives the water amazing new cleaning power that lasts long after suds dissolve. VEL removes grease faster, more completely than soap—in hardest water. Your dishes, glasses sparkle like jewels, without the touch of a towel. And VEL is milder to hands, free from sticky alkalis!

VEL keeps stockings sheerer, lovelier!

Says Chas Hensley, "My stockings are lovelier than ever. I wash them with VEL. I put a few teaspoonfuls of VEL in the basin, add lukewarm water... dip and squeeze... a few times, and VEL washes nylon and undies fast and clear as rain. Colors stay bright, too... no dulling sun-fade."

Says Jean Small of Ebbettsville, Ont. "My woolen sweater still fits like a dream, after five washings with VEL. It feels soft as velvet, too. VEL is marvelous for woolens. No soap scum, no colors may brighten. No shrinkage because VEL washes perfectly in lukewarm water."

## ROSE OF SOLEDAD

[illegible]

"I loved your name," the old man offered, in suggested explanation.

"Not that; the old bus was ready for the honeymoon. But it was all I had left."

"Walking is better than to be good as dead," offered the old man.

"Always heard that when I was young. Never tried it." His beard lifted in a grin. "Why walk when you can rise?" he asked. "Well,

[illegible][illegible]

—stand like Druids of old,  
with beards that rest on their  
breasts."

Blood of the ancient priests of Ireland ran in the blue veins of Don Timoteo, or there was nothing in heredity.

The old man strode past the mass anachas to the western end

in the air, tinged with the tan of eucalyptus, and the smell of dry grass cooling, and something gentler, too, like the breath of iris or hyacinth or a faraway macrobia blossom, unfolding.

A June-bug droned by like a Lilliputian aeroplane, and its evening air mail out of San Diego for Los Angeles—the City of the Angels—echoed its droning in some high distance.

Supreme Artist flung his colors upon the canvas of all space.

Cobalt changed to rich turquoise and the pink of rose quartz closed in upon it. The turquoise flamed and bled up, and the pink, darkening to crimson, shot through it and made countless islands of brilliant emerald-green, and the

crimson to lavender—corolla and throat  
mauve and pale lavender and violet  
and purple—and gold and russet  
and orange, and beaten brass  
blazed through and edged them  
to work still further miracles of  
color. In one final fantasy the  
magical light of dawn unveiled the  
caves! All His inconceivable col-

trees—waiting for him, dim as  
the old eyes sought the glimmer  
of his face. He had been waiting  
as his white-bearded ancestor  
had chanted other words in the  
deep green of Druidical forests:  
“So and no otherwise—so and  
no otherwise—hillmen desire the  
hills.”

—Steve O'Hara.com.doc

ers—a rainbow broken into innumerable jewels, carved and faceted and set by a master hand into that sweetening mosaic which glowed and shimmered. And Susan O'Hara grew strangely cold and small before the splendor of it. Then the colors merged and fluttered and sped away to take stairs after making his dinner toilet, Don Timoteo met him and laid a hand upon his arm and led him toward a door through which he could see a table laid with linen and china and glass and silver.

DESTROYER DOUGLAS H. FOX IS MINE VICTIM NEAR TRIESTE

The U. S. navy has announced that the destroyer U. S. S. Douglas H. Fox, after being struck by a mine in the Mediterranean near Trieste last July, struck a mine in the Venice-Trieste area recently. The blast killed one crewman and did "considerable damage" to the stern of the 2,200-ton ship.

## Removal of Price Ceilings on Sugar Not Even Considered

Ottawa, Oct. 2 (AP)—Price-fixing officials said they viewed the removal of price ceilings on sugar is not even being considered.

"It seems clear that sugar prices are likely to remain at their present level for some considerable time," said the official, after stating that the Board's attention had been drawn to recurrent rumors that sugar prices were likely to be controlled and that the action would bring about an increase in the cost of sugar.

## TEACHERS' CAMPAIGN FOR PROPOSAL

Toronto, Oct. 2 (CP)—More than half of the 100 persons living in a trailer camp on a street proposed for a new hospital last night endorsed a brief asking city council to delay an eviction order until some mutually agreeable solution is found.

## Woman States Man Tried To 'Act Smart' in Car

St. Thomas, Oct. 2 (CP)—A testimony that George Rowe had attacked John W. Nidd, accountant from North Bay, because he had tried to "act smart" with Rowe's common-law wife in the back seat of a parked automobile highlighted the opening of a manslaughter trial here yesterday.

Rowe is charged with manslaughter in the death of Nidd, whose body was found in the car shortly after the "beating" which occurred during the house party at nearby Shandon, on the night of May 10-11. Mr. Justice F. J. Brodeur is presiding over the trial which will continue today.

The common-law wife, Mrs. Mary Greely, told the Supreme Court sittings jury of events leading up to the "beating" of the construction company employee who came here from North Bay just two weeks before his death.

During a squabble, Mrs. Greely said, Nidd asked her if she wanted a drink. She had gone outside to a car owned by her brother, Arthur Foster, one of the 30 or so guests at the party in the home of Asa Berdan.

Another guest, Arthur Foster had accompanied them but later went back to the party.

"Mr. Greely said she had yelled 'help' when Nidd sought to get 'himself' and her husband had come out of the house and she told her husband, he had hit Nidd twice with his fist.

The women said Nidd fell face down on the bay and she thought he was only "stunned."

Rowe pushed Nidd's head off her lap, "then took me by the hand and led me to a sitting position on the seat, with his head lying on the side of the car."

Last Monday a Big City County Grand Jury found no bill for murder indictment against the defendant, Mr. Thomas, because even he pleaded not guilty after the jury returned a true bill of manslaughter.

## Ford Grants 12-Cent Boost

Windsor, Ont., Oct. 2 (CP)—Retentive pay of \$90 a man for Ford of Canada workers, who said 10,000 employees here will result from the agreement reached between the company and United Auto Workers (UAW) for a wage settlement amounting to 10 cents hourly.

Actual wage increase is 10 cents, retroactive to July 14, plus four paid holidays annually valued at another two cents.

Agreement was announced Wednesday by Ford personnel manager W. R. Clark and George Burt, Canadian director of the UAW.

The new contract negotiations began and completed yesterday, were undertaken following a month of membership voting last Sunday which rejected a proposed plan to strike.

## Latest Marvels Of British Radar Go on Display

London, Oct. 2 (Reuters)—The latest marvels of British radar went on display Wednesday at "radiofairs" in the greatest exhibition in the industry's history.

Queen Mary was among distinguished visitors at a preview yesterday and was shown Gallia radar, electronics and television equipment.

The government has set British radar a monthly export target of £1,000,000 (\$4,500,000) for the 1933 figure—and exhibitors at radiofairs will concentrate on improving the foreign market.

Interest in growing foreign trade in British electronic equipment, and the BBC will stage an exhibition the following week in the capital, exhibiting 70 sets in all of the latest equipment.

Some of the more unusual exhibits include a "radiofairy" which is a miniature components are shown.

Today in hearing aids for the deaf.

Radio receiver which switches itself on at a prearranged time for listening to a program. The listener does not have to turn on the set.

Electronic instruments for testing the amount of motion in timber.

Exhibitions which records the electrical activity of the human brain while a subject is asleep.

Inter- and taxi radio service.

And a time device to switch on the lights of a house during the hours of darkness to discourage burglars.

Visitors to the exhibition will be able to talk to the Queen Elizabeth and Queen Mary at sea, and to Transatlantic Express in flight.

CONVICTED OFFENDING BREWERS.

Toronto, Oct. 2 (CP)—Brewers, convicted of selling liquor to a minor, were fined \$100 by a 12-man jury of officials in the Ontario Court of Appeal.

Some of the more unusual exhibits include a "radiofairy" which is a miniature components are shown.

## Moscow Gazette: Cartoons Three More Britons

Moscow, Oct. 2 (AP)—The Literary Gazette, which has been publishing a series of cartoons by British artists, has published a cartoon by Winston Churchill.

The cartoon, which is a caricature of the British prime minister, is a composite of the three. The other represented a building smoking a cigar. The spread was captioned "Trinity."

Below the caricatures were three words: "Two new pictures. The faces and speeches are alike. It is necessary to speak of Churchill, McCall, a shooting and 'Trinity'."

(Berlin is British foreign secretary and McCall is British minister of State and head of the British delegation at the United Nations. Churchill is prime minister, frequently is photographed with a cigar.)

## BRITAIN LIFTS BAN ON DEALINGS IN SECURITIES

Relatively Free Dealings in Foreign Securities Resumed in London Exchange

London, Oct. 2 (AP)—The government lifted its ban on dealings in United States, Canadian, Swedish and other foreign securities Wed. restoring relatively free dealings in the London Exchange for the first time since the beginning of the war.

Under the new Exchange Control Act, effective Wednesday, the government's power to requisition foreign securities, restricted to during the war to get dollars, has lapsed.

Despite the lifting of controls, including removal of restrictions on providing one foreign security to another (except Canadian), there were no early trades in overseas stocks on the London Exchange.

Switching in Canadian securities is banned by the government's plan to apply restrictions to securities sales in the process of securitization of the 1943 Interest-Free Canadian Loan.

Under the new regulations, re-investment in other foreign securities is limited to the proceeds of the sale. The wartime defense is limited to the proceeds of the sale.

United Kingdom investors to surrender to the government in return for sterling all sales proceeds.

## 600-Year-Old English Village Sold at Auction

London, Oct. 2 (AP)—The picturesque 600-year-old village of Castle Combe in Wiltshire was sold at auction yesterday.

The village, with its cottages and all—land and buildings—a year was about.

There were some anxious moments, though, when the village and its accompanying millpond (£125,000) and the auctioneer himself, Mr. J. H. Fox, were offered in two lots. But no one would bid more than £24,000 and the auctioneer then sold the village as one lot.

Most of the lovely old cottages were bought by wealthy families but lived in them for generations.

The main house, a large stone house with four baths, was sold for £14,000. Its owner, Mr. J. H. Fox, is a local businessman.

Incidentally, the village was sold to the village because of its location.

# CHIPS OFF THE SPORTS BLOCK

By GEORGE H. CARVER, Sports Editor

Several a marked improvement over their performance in the "Chips" of the previous week. The Washington Redskins defeated the Los Angeles Rams 14-0. They defeated the Lions 14-0 in a previous game that had a thrilling and close finish. For over 1,000 of the best hockey football.

There was nothing much to say about the affair. Both teams played the best of their kind. The Redskins played at all times, and those who have never seen the professional level of hockey as it is played in the professional arena, get plenty of a treat.

There was plenty of sport, individual and collective in the game, although the two teams were not evenly matched. The Redskins had a superior team, and they showed it in a superior brand of the game. Coach Walter A. Riddell's team was a superior team, and they showed it in a superior brand of the game.

## Army Doctor To Aid of Ill Churchman

Churchill, Mass. Oct. 3 (CP)—As R.C.A.F. Dakota carrying four Canadian army paratroopers were about to make a mercy drop on the island of St. John's, the Circle took off today on the first of its flights to the island.

Rev. Canon George N. Turner, a Church of England minister, was seriously ill last month, less in the lonely mission station on the island of St. John's, which is a small island off the coast of Newfoundland. He is the only other white inhabitant of the island.

Rev. Canon Turner, who is 70, has been ill for several months. He is a member of the R.C.A.F. and has been in the hospital for some time. He is now being treated by a Canadian army doctor, who is on the island with him.

## World Series Notes

By BOB GRUBB

Brooklyn, Oct. 3. (AP)—"Never a dull day at Ebbets Field" is an old saying about the banks of the Gowanus, and yesterday's Doubleheader was confirmation. For in addition to setting a record for length, the game was a high-scoring affair. In 17 runs, 12 bases on balls, two wild pitches, one full baseball, one passed ball—which must be some sort of a record for World Series variety.

They gave the game back to the people when they brought it to Flatbush. Instead of the plush and the chrome of the Stadium Club, the Little Ebbets Field handouts modestly offer just hot dogs and peanuts. The crowd which ate the stadium seemed to be grateful if not indifferent here are whooping and hysterical, intensely partisan. The great majority of the seats normally occupied by Dodgersites are held by boys interested that the course, but there are still enough

at the Flatbush on hand to cheer on their beloved Bums.

For the Finger Fibers: The home runs by Joe Mauer and Yogi Berra yesterday were Nos. 11 and 12 by the Yankees in World Series competition. That's the same tally that the entire National League has accumulated in 44 years of post-season play. It was the Dodgers' best day with the stick in a series game.

Hugh Gacy admits he was done. On the eve of the series, he took 3,000 units of penicillin. "That stuff sure did the trick," beamed the former in the Dodger clubhouse yesterday. "You know, my arm stiffened up in the St. Louis series and I wasn't able to throw a ball for the rest of Monday night. I could only take the penicillin injection Monday night because it's supposed to prevent complications like rheumatism. I think we ought to vote a full course share to the medical-inventors of penicillin."

With a hold office in the Congress.

Another session of the resolution—also left in abeyance—would criticize the activities of "certain members" of the "communist party or labor-organizational party" as detrimental to labor. President Perry began started the debate off by declaring opposition to the resolution. He said it held "some dangers." "We are the parliament of labor," he said, "and we have to take as deliberate those that our constituents send us." Damage had been done by the labor movement both by reds and by rightists. It would be an impossible situation if certain persons could be members, but not officers, of the T.L.C. "It would be unworkable," he declared.

Several other members took the same stand as President Benazur.

## Night School Students Asked To Register Early

With night school classes at the Belleville College and Vocational School scheduled to commence last evening, Principal George E. Curtis today asked potential night school students to register at the commencement of the courses in order that relatives may be secured for registration fees.

With this year is the night school curriculum is a course in electronics which essentially is a basic course in the simple fundamentals of electricity and radio. Even a person with no previous knowledge of the course will be able to follow the course easily.

With well over 400 students enrolling for night classes last year, registration officials this year hope for an equal, if not greater, registration. Enrollment in the night classes at the start of the course compares favorably with that of the same period last year, according to Mr. Curtis.

"There is a tendency on the part of many potential students to hold off until later in the fall before they register for classes," stated the school principal. "This is a very definite mistake as school authorities must maintain an attendance of one student in each course before the class can be started."

"It just means that if students hold off there is a possibility that the very class in which they are interested may not be started because of lack of numbers."

Instructors Secured.

A fully competent group of instructors has been secured to head up the various classes in the night school course. The courses at each school teachers double up for the night classes. One of the night school teachers is a former student of the school. The school already being filled with students of the night school. Of special interest to male students are the courses in mechanics, welding, machine

shop, woodworking, draughting, arts and handicrafts as well as courses in art, chemistry and science.

For the girls and young women there are courses in sewing and sewing as well as the regular courses in art, chemistry and science. And scientific courses.

Again the school principal stated that night school students are not on hand when the courses commence. It is possible, they may very well be disappointed entering not starting because of lack of enrolled students. For assurance of their class commencing and in order to get to full attendance students were advised to be on hand opening night.

## Britain Prepares To Stop Spread Cholera Epidemic

London, Oct. 3. (Reuters)—The "cholera" scare was closed at all British air and sea ports Thursday when world airlines and shipping companies, agreeing with their respective governments agreed on precautions to be taken to prevent the cholera epidemic in Egypt and India from spreading to other countries.

Every man, woman and child arriving by sea or air from India and Egyptian territories is being card-indexed and kept under observation for 21 days.

Kewell and Dyer are being asked to produce proof of a "cock of the walk" within 48 hours of departure. Inconsistency in the evidence has been made "absolutely convincing" for travellers leaving Britain for Egypt.

A health ministry spokesman said persons arriving here from the cholera areas are being held in quarantine until they are found to be free of the disease.

A number of cancellations in Middle East air passages has already been made by the epidemic. Meanwhile, priority freight space on all Pacific lines

GM HYDRA-MATIC DRIVE has been proved by nearly 400,000 Oldsmobile owners in billions of miles of "no-clutch, no-shift" driving!

400,000 Left Feet: 1. Left without a thing to do! Because Hydra-Matic Drive eliminates the clutch pedal all clutch pushing. 2. Left without a thing to do! Because Hydra-Matic Drive shifts gears automatically through four forward speeds. The lowest-pitched one to offer GM Hydra-Matic Drive is the smart new Oldsmobile. It's ahead in performance—economically. Ahead in appearance—dramatically. That's why people say—unanimously—"It's SMART to Own an Olds!"

The demand for Oldsmobile with the new GM Hydra-Matic Drive is so widespread that it still greatly exceeds the supply. That's why you can't get one without waiting—and safely through the waiting period by having it serviced regularly by your Oldsmobile dealer.

# Housing Shortage Across Canada Tight as Ever And Not Easing

(By The Canadian Press)  
It's still the same old story from end of Canada to the other, the housing shortage showing no easing.

"Cities," "villages," "light save," "long waiting lists" — these are the words and phrases that stand out in a survey of the situation today by The Canadian Press.

One point indicated by the survey is that the little fellow stands virtually the same chance as the reversal of the situation in that

place of signing up for a new dwelling. Apartments, duplexes and flats of new construction generally rent in a range out of reach of his pocket.

In emphasis of this is the situation reported in Montreal where chairman A. O. Asselin of the city's executive committee that the average rental, which was from \$80 to \$100 a month on a whole for the construction recently had been raised this year. As Asselin noted, this leaves the \$10 a week wage owner in the cold.

If there was a note of cheer to be found in the various reports, it was in that fact that the shortage was by no means getting worse, on the whole, even if there has been no improvement.

Several localities reported that "panic" buying of houses appeared to have ended with purchases becoming "choosy."

Went's Growth Means

One maker Toronto real estate operator, describing the situation as "just as bad as last fall," said he did not think the housing shortage would grow any worse. His unqualified "let" inquired of the number of houses in the city, he reported many owners were

holding houses empty, declining offers of rental, until they came across prospective purchasers to meet the price tags put on the dwellings. These were reported to be approximately 400 empty houses in Winnipeg; falling in this classification.

Other points reported as follows:

**Halifax** — Civic officials reported negotiating with Federal authorities for construction of 300 houses.

**Salt Lake** — Main project under consideration is an additional 100 units which would be constructed by Central Housing and Mortgage Corporation. Housing was intensified by returning from the country of families who had sub-let their places for the summer.

**Quebec City** — House con-

struction is booming but dwellings are for sale, rather than rent. More than 1,000 vacancies have applications on file for waiting housing accommodation.

**Whitby, Ont.** — Mayor Arthur J. Hanna said the city housing problem was as bad as anywhere in Canada. The Mayor said he understood the Federal Cabinet was considering the problem on a national basis and that there might be some "dilemma" every this month. Approximately 2,000 families were reported in need of housing.

**Hamilton** — Many small houses are being built but department houses covers all have long waiting lists. The city council decided earlier this week to convert lands at a former army trades school into apartments in a cost of \$175,000.

Across the rest of Ontario the situation was like this.

**Kitchener** — No rental properties are under way. House under construction are either for sale or are being held to order.

**Windsor** — Situation was reported as "very tight" with priority building the only activity.

**Brantford** — Eight hundred families listed as in need of homes. A citizens' meeting called by Mayor J. H. Matthews set up three sub-committees to investigate questions of financing, location and construction of new housing.

**Shedden** — Mayor J. Maurice King said proposals for construction of "middle price" houses have been under discussion. A municipal commission: W. O. Atkins said he knew of no empty houses in the city; rather, many

families were "dangling up."

**St. Catharines** — A survey by the chamber of commerce showed the housing situation as "tight." Less than two dozen houses were up for sale. Mayor W. E. Brice said the city was not in a position to undertake a housing project of its own.

**Went's Bay** — City council plans to provide temporary shelter out of army camp buildings. The city clerk was "swamped" with applications for such accommodations.

**St. Catharines** — Five hundred families are looking for housing. The city clerk is "swamped" with applications for such accommodations.

**St. Catharines** — Five hundred families are looking for housing. The city clerk is "swamped" with applications for such accommodations.

have the shortage to part through erection of 100 Wartime Housing Act dwellings.

**Windsor-Waterloo** — A Wartime Housing project of 100 houses is underway and efforts are being made to obtain another 100 similar structures.

## Believes 80 P.C. D.P.'s in Germany Would Come Here

London, Oct. 4. (CP)—Flames Minister Abbott of Canada has said today in a statement that he believed 80 per cent of the displaced persons in Germany would come to Canada.

"The displaced," the minister added, "are the Jewish people, the majority of whom are who would want to go back to Palestine while the majority of the rest of the world would want to go to Canada. I am sure that the Jewish people, who are the majority of the displaced, would want to go to Palestine while the majority of the rest of the world would want to go to Canada. I am sure that the Jewish people, who are the majority of the displaced, would want to go to Palestine while the majority of the rest of the world would want to go to Canada."

In Germany he visited three displaced persons camps. At Heiden, near Frankfurt, he talked with Latvians, Lithuanians, and German Jews who were among a group of 400 living in a German home.

"I have no doubt that these people can make excellent citizens," he said. "They are energetic, industrious and clean-living, just the kind of people Canada needs most."

Abbott told he would be endeavoring to get the heads of the families should find work and be resettled in Canada before bringing out their wives and children.

He said that while Canada now placed in about one 15,000 displaced persons from Europe. "We do think that we shall have room for many more yet."

## Sidney Chambers Says Confession Was Fabrication

St. Catharines, Ont. Oct. 4. (CP)—The crown and defense counsel charged that when Thursday in the murder trial of 25-year-old Sydney Chambers after he was accused of killing a "confession" made to police 11 days after the disappearance of nine-year-old Martin Runak was a fabrication.

Chambers was in the courtroom for more than four hours, said the defense, but he did not say a word. He was charged with the murder of a child, the child's mother was granted a new trial by the Ontario Appeal Court. The defense lawyer said that he had confessed to police because he was "nervously exhausted and would have made any statement to get it over with."

Defense Counsel Louis B. Isaac will address the jury today and will be followed by Counsel Attorney R. H. Lancaster. Justice Kitchin will then address the jury.

## Mullikin Portable Iron Lung Will Be Demonstrated by Kinsmen

Residents of Belleville and district for one full week commencing today will be given the opportunity to view a "new" portable demonstration of the iron lung which the Kinsmen Club is putting on at the city hall.

Saturday the mobile iron lung was moved into the city hall. The demonstration will be given during the following week, given demonstrations in various parts of the city.

At the conclusion of the week's demonstration period the iron lung will be turned over to the Belleville Fire Department for use in emergencies.

## Nazi Executioner Also Given Rope

Landau, Germany, Oct. 4. (CP)—Ernst Wolf, West end executioner who received five years for each of the 200 prisoners he killed, was hanged Friday with seven other men of the Plötzensee Concentration Camp.

The other seven, convicted by a United States War Court Jan. 25 after a seven-month trial, were: Joseph Bauer, who once gave Joseph Goebbels 15 lashes for carrying a Rosary; Wolf Glawatzki, a Berlin doctor accused of shooting seven prisoners unable to walk; Albert Bolter and Ludwig Schwartz, accused of conducting execution marches in which those who lagged were slain; Joseph Wurst, who ordered 100 prisoners into a woods to be executed by machine gun; Konrad Blumberg, who recommended execution of hundreds of prisoners; and Christian Busch, whose specialty was beating prisoners to death.

## Diplomatic Missions May Be Extended In Eastern Europe

By ROSS MURPHY (Canadian Press Staff Writer)

Ottawa, Oct. 4. (CP)—Canada may further extend her diplomatic missions in Eastern Europe, with appointments being made to more than 100 posts, in order to carry out her policy of maintaining friendly relations with Yugoslavia and Finland, where there are no Canadian representatives at present.

This would be in line with the statement by External Affairs Minister St. Laurent on Wednesday that Canada's election to the Security Council of the United Nations would necessitate diplomatic posts abroad being widened in scope to give the government up-to-date information to make policy on new international problems.

In Eastern Europe, Canada's present has representatives in Czechoslovakia, Poland, Rumania and to have some Yugoslavians and Finland would round out the picture fairly well.

It is believed Yugoslavia would welcome a Canadian diplomatic mission in Belgrade, as she has had a legation in Ottawa for some time. Finland would not recognize a Canadian appointment by sending a representative.

Sweden also has a minister in Ottawa, although the Canadian representative in Stockholm is only a Charge d'Affaires, and it

is possible that a minister will be appointed there. He may be Fred Palmer, the present Charge d'Affaires, and Canadian Trade Commissioner, who is highly regarded by the Swedes and knows the country well.

The question of Canadian appointments to the three Baltic countries of Hungary, Rumania and Bulgaria, is still a matter open, but it is possible that within the next six months some consideration will be given to this.

Austria is another country which will have to be considered. The British minister in Vienna, Lord Halifax, is anxious to establish diplomatic relations with Austria as soon as possible. Nothing can be done about diplomatic appointments until a peace treaty with Austria is made.

## Queen Wilhelmina May Give Up Power

## Maintains Employment... Keeps Pay Envelopes Full

### PLEASE DON'T WASTE IT!

Electric power is vital to Industry, and Ontario is experiencing an era of high production, unparalleled in its history. Contrary to expectations, the demand for electric power did not drop sharply following the war. More electric power is actually being used today for the production of peacetime goods than was required at any time to forge weapons for Victory. This demand is constantly increasing and, during the next six months, Hydro facilities will be strained to the utmost.

New Hydro developments, planned to keep pace with Ontario's growth, were halted during the war years. They have since been hampered by shortages of men, materials and equipment. However many new stations to deliver electric power are being rushed to completion. Some are already in operation. But the need for saving electric power in your own home, during the Fall and Winter months, is urgent if the needs of Industry and Agriculture are to be fully served and employment maintained at peak levels.

Won't you please play your part? Remember—even a little bit of electricity, conserved by hundreds of thousands, helps a lot. It's your Hydro. Use it wisely so that Hydro facilities can more adequately meet the demands of all consumers.

Here are a few ways you can

## Save ELECTRICITY

Turn off all unnecessary lights. Don't forget about burning lights in empty rooms, hallways, attics, porch and garage. Eliminate unnecessary lights.

Keep lamps, reflectors and shades clean. Dirty fixtures waste as much as 25% of your light.

Use kerosene lamps, and use oil stoves. Keep them well oiled to a full bulb. Keep kerosene from dripping.

When cooking, use "High" heat for as little time as possible. Then turn to "Low" and use proper size element.

Use the oven for cooking complete meals, rather than the broiling surface. Only one element is required for the oven, while three or four elements are needed for the broiling surface.

Use the correct size of cooking vessel on the proper size element.

When cooking vegetables, use a minimum amount of water.

Refrigerator, refrigerator, regularly, when a inch of frost has accumulated on the evaporator.

Where water is electrically heated, please use it sparingly. A drop or second from a leaking hot water tap can waste as much as 175 gallons a month.

Fill washing machine to water line only and keep lid on tub when washing. Do not overfill.

Wherever possible, use the wringer at most times as clothes are being washed in the tub.

Please do not use portable electric heaters as they place a heavy strain on your Hydro System.

Your toaster, vacuum cleaner, electric iron or other electrical appliances should not be used any longer than required.

# The Movie Column

By BOB THOMAS

**Billy Rose, Oct. 4 (AP)**—Twenty years ago the most famous poster in the world was born. On a train ride from New York to Los Angeles it popularized the idea of a 35-year-old Chicago boy who had been a commercial artist and a drawer of movie cartoons. The poster went forth into the world and became famous as *My Darling Clementine* in Latin America, *My Darling* in Japan.

Twilight in Italy and Mexico in Mexico. In the United States and Canada he was known as Mickey. Mickey was created in Walt Disney's garage studio and, in October, 1936, made his public debut at the Rialto Theatre in New York. The drama was called "The Mickey Mouse Club" and compared to modern-day cartoons it would appear as a child's drawing. But Mickey became a sensation. The country was flooded with Mickey Mouse wrist watches, sweat shirts, pens, comic books, dolls, etc., and clubs sprang up. The cartoon hero grew

# In Manhattan

By PAT O'BRIEN

New York, Oct. 3 (AP)—Mickey Mouse and the problem of the stiletto bond came to grips this morning in a play called "Wonder" whose message is that stiletto must be done to prevent the world from being blown to pieces in nuclear war. The Toronto-born actor portrays a professor-antagonist who wrestles with his conscience for three long hours before realizing what the world is up against. Unfortunately, the author, Ogden Stewart, has buried his most important work in a mass of words and turned on a dull play instead of a masterpiece. "Wonder" is the professor's mind. "Wonder" is the professor's mind. "Wonder" is the professor's mind.

# Notes on New Arrivals

The critics were divided on the merits of "The Heiress," an adaptation by Ruth and August Gault of the novel by Jane Austen. "The Heiress" is a play about a woman who is a social climber. # Dodgers Outlast Yankees In Sixth Game of Series; Casey and Gonfrrido Heroes

**Fremann Fells Out Series in Ninth Game of Series; Casey and Gonfrrido Heroes**

**BY JACK RABIN**

New York, Oct. 6 (AP)—It's High Casey and nine other players of the New York Yankees against him (one-half) because of the seventh game of the wildcat series between the New York Yankees and the Brooklyn Dodgers.

What started out to be another struggle for the Yankees, the New York club has turned into a rout for the Dodgers, who have lost the sixth game of the series, 10-3.

Casey and Gonfrrido were the heroes of the game, with Casey hitting a home run and Gonfrrido hitting a double and a home run.

Casey's home run was the only one of the game, and it was the only one of the series.

Gonfrrido's double and home run were the only ones of the game, and they were the only ones of the series.

The Dodgers' pitcher, Fred Luderus, was the only one of the game, and he was the only one of the series.

The Yankees' pitcher, Lefty Grove, was the only one of the game, and he was the only one of the series.

Four Yankees scored in the first inning, and the Dodgers' pitcher, Fred Luderus, was the only one of the game, and he was the only one of the series.

THE GOSPEL W.

Mrs. C. Mariette, of Marysville, was the speaker at the monthly meeting of the Women's Guild, held at the home of Mrs. Mariette on Thursday, September 10. Mrs. Mariette was formerly a member of the Guild in Seattle. Several ladies of the Community were present.

Mrs. H. Conley, presiding, the meeting was held at the home of Mrs. Conley. The collection amounted to \$2.12.

Motion were passed approving the constitution of the "Women's Guild" and a donation of \$10 towards the fund for the education of an Indian child and sponsored by Miss Ruth Shapiro, a former missionary teacher.

The secretary was instructed to send a note of appreciation to Mr. Albert Breiten, for his kind assistance in the building of the District Institute Booth at the exhibition in Billings.

It was decided to have a social meeting at the home of Mrs. Conley, near the end of October and the following ladies were named as a committee to prepare a program: Mrs. C. Mariette, A. Fickel, Mrs. J. Campbell and Mrs. J. Frederick.

Mrs. J. Frederick, co-chairman of the committee, will give a paper on "The Women's Guild" and Mrs. J. Campbell will give a paper on "The Women's Guild" and Mrs. J. Frederick will give a paper on "The Women's Guild".

**Federal Agents Howling Dog May Nab Two More Have Been Only Theft Suspects Shooting Witness**

Albuquerque, N.M., Oct. 9.—(AP)—Federal agents who have been probing traces of confidential matter from the Los Alamos atomic project nabbed two more suspects yesterday, and at the same time revealed the investigation also has covered a highly secret weapons project outside Albuquerque.

Complaints filed immediately after the simultaneous arrests 50 miles apart in New Mexico accused George Thompson, 38, of taking classified photographs from both the United States and the British bases here and the atom laboratory, and Ernest Powell, 35, of stealing half a dozen Los Alamos pictures.

The two were identified by the federal bureau of investigation as former army photographers at Los Alamos, where the first atom bomb was assembled.

Arraigned in Santa Fe, Thompson pleaded guilty to the Los Alamos theft but denied taking any photos from the base here. Thompson's lawyer, Albuquerque, was adjourned until next Monday.

Ignoring a writer of rumors—including one published report that the Los Alamos base is building heavy cannons for atom war—Thompson's lawyer had stated that the \$100,000 fine levied in the principal theft unit of its special weapons project. Prosecutors have said all construction and operations are suspended.

Three other ex-soldiers previously have been charged with thefts of classified information from Los Alamos. One already has received a suspended sentence, another a fine and probation, and the third case is pending.

In every instance, other material and photographs or other material were recovered. A finger ring was recovered. A finger ring was recovered. A finger ring was recovered.

Conviction carries maximum penalties of five years in prison or \$50,000 fine or both.

**Officials Deny Order Issued "Not to Fire"**

Toronto, Oct. 9.—(CP)—Denial that any orders had been issued to make the Canadian "not to fire" on world war II weapons was made last night by C. F. Newlands, Deputy Minister of National Defence.

Denial from military said that where persons suspected the removal of industrial facilities, guards were under orders not to fire on prisoners.

"This is entirely false," said Mr. Newlands on behalf of C. F. Newlands, Minister of National Defence in the Ontario cabinet. The orders issued to guards in all institutions and to Ontario Provincial Police, have not been changed in any respect," the order was issued for many years, covering regulations on use of firearms in cases of necessity.

Mr. Newlands expressed concern as to the effect on persons testing of false report.

## JOHNNY METRAS' SQUAD PICKED FOR ALL MARBLES

University of Western Ontario Team Undrafted in Three Seasons of Play

By JACK PARK (Western Press Correspondent)

Western Mustangs may not be an improved team over the squad which went undrafted to capture the Senior Intercollegiate football crown last year, but they should be just as powerful. Expected again in strength in depth, Johnny Metras' new squad is expected to be at all positions and even in the blizzard of last year's regular season, the Mustangs played 11 close, close games of the team will consider a major upset if they are beaten.

Undrafted in three seasons of college play, a string of 17 straight victories started in 1949 — the Mustangs again had new captain at Toronto Saturday with 13 of last year's regular back.

Last year Mustangs placed 10 on the league all-star team. Eight of them are back. Forty of them are to be named as well as Don Cook and captain Herb Ballantyne, but the recruits

from the intermediate team, Eastern Canada championship season, should adequately fill the

Top newcomer is Jack Parry, rated by many as the finest half in Canadian football. Parry was injured in an early accident but has seen no action so far. He is apparently recovered now, but may be out of the opening game.

Played last game The club played only one pre-season game and scored a 42-0 victory over the Ontario Agricultural College Intermediates.

The Mustangs played 11 close games and accounted for all the scoring points. Still associated in pin-point blocking and a run-and-gun style of play, Mustangs will try something new this year — a Canadian adaptation of the T-formation. It will be used in the O.A.C. game with a fair amount of success and it will no doubt play an important role in his 1947 offensive.

Paul Widens will be the quarterback and proven headliner performance George Curtis is back on the half-line for his last year and has also been named team captain. ## N.H.L. Puck Chatter

(By The Canadian Press) — Very's White, 3-1, said today that the first star of the season was the Toronto Maple Leafs.

With the National Hockey League's All-Star game, annual match pitting players selected from the other five teams against the Stanley Cup Champions. Art Ross started in Hershey, Pa., by offering his sympathy to Conn Smythe and his Leafs for what the powerful All-Star team will do to them.

Both Jack Adams of Detroit and Frankie Bradow were on record today however as predicting the stars, while the greatest aggregation ever assembled, would not be able to fit the game because "Our boys are ready."

The Leafs, winners of the Stanley Cup, will be the practice of Bill St. Catharines' training camp yesterday as Turk Brode's Blues offered Horie Mar-

gion about becoming entirely. But not Carter. With an artificial joint in his ankle, he tried his hand at goal tending this year.

He had little opportunity to regular season play to display his prowess because Adams had the hottest goals in the league, Gordie Howe.

However, Carter got his break. A day before the best-of-five series was to open with Minnesota Mounties, Papes received an injury in practice that prevented him from participating.

Carter, who had never played a full game all year, was not between the pipes. And the rest is history.

Time after time he made sensational saves. Both Adams and the opposing Mounties credited with providing the margin of difference which gave Adams the series.

Despite the recent on speed and screaming on pre-play-day, sport, Alan Fargher, 35-year-old former Winnipegger, doesn't think power has improved a great deal. In fact he thinks the

old game had something not generally seen today. Here (Vancouver Province) Andrew versus Winnipegger Scotty Watt, who was a regular in the "Hockey" match. That's not football.

And Mr. Fargher should have seen the first score match in Dundee, Scotland in 1976. The city of Paris will give Princess Elizabeth a tortoise shell dressing case as a wedding present, it was announced today.

The game is described as "a work of art of the Parisian luxury industry." Back of the object will contain the city's most of gold.

# etroit's Purple Gang Is ntangled in Custody Case

DETROIT, Oct. 19. (CP) — The Purple Gang Thursday afternoon was in custody of the Michigan State Police when Mrs. Evelyn McKee testified in re-examination that she had been in the Detroit News building at the time the Purple Gang was arrested.

Two thugs had followed her when she arrived in the city on her way to Kitchener, Ont., where she had been broken into. Her husband, Mr. J. P. McKee, had been arrested in the News building at the time she was being escorted by police.

The court then became tense hearing this testimony. Mrs. McKee had been recalled to the stand in the hearing to establish the whereabouts of her husband, Mr. J. P. McKee, at the time the Purple Gang was arrested.

She had closed his case.

Mr. J. P. McKee, who was arrested in the News building at the time she was being escorted by police, was questioned to ask if he had been in the city at the time Mrs. McKee told him that she had been in the Detroit News building at the time the Purple Gang was arrested.

Mr. McKee testified that he had been in the city at the time she told him that she had been in the Detroit News building at the time the Purple Gang was arrested.

Herten Pachal, farmer at Ebensee, northeast Saskatchewan, told a photographer the other day he "wouldn't care to let him do the work of a horse on a farm if he had to feed horses." Instead, he prefers mules, and finds the team, Jack and Jerry, above, perfectly capable of hauling a big load of oats six miles to the grain elevator. Pachal, who owns what are prob-

## U.N. Adopts Design for Flag Says Newspaper Something Canada Unable to Do

By CLYDE BLACKBURN  
(Canadian Press Staff Writer)

Lake Success, Oct. 10 (CP)—A common expression heard about U.N. countries and public rooms is "we've been here a month and nothing been accomplished, but back and forth" or words to that effect. But that's not quite true. The U.N. has done something that Canada has not been able to do in years of debate — it has adopted a flag.

This week the legal committee which has a member from each of the 57 delegations agreed on the design of a U.N. flag and left it to Secretary General Trygve Lie to decide on its dimensions and the code governing its use.

The flag is light blue with an emblem in white reproducing the organization's symbol — a projection of the globe from the north pole.

The globe symbol now forms the blue backdrop behind the table in the assembly headquarters main room on Flushing Meadows.

A similar flag was used unofficially for identification last winter and spring by the special committee which made on-the-spot investigations of disorders on the Greek-Balkan border.

The old League of Nations, like Canada, delayed off and on for years without reaching agreement on a league flag.

The legal committee had the question in a few minutes — all but Russia. Its delegate was sought without advice from the Kremlin and held his vote temporarily pending instructions.

But, if there was agreement here, it will show to the world, the U.N. at the end of its fourth week in the current General Assembly was showing almost but a common front.

The above-mentioned which occupies most of the main committee was not unshaken and without hope of light offering encouragement to those wanting to compromise for genuine peace and co-operation. Over and over the Greek-Balkan issues were discussed and counter-charged.

On the Greek-Balkan issues which has brought the main malcontents between the Slav countries and the rest, any speech by a pro-Russian delegate could be forecast accurately by any who had heard the speaker's statements. They varied only in the extent of epithets used.

**VOLUNTARY CO-OPERATION NECESSARY IN FUEL USE**

Cardiff, Oct. 10 (Reuters)—Britain faces the danger of a new fuel breakdown this winter unless voluntary and wholehearted co-operation by non-industrial consumers continues.

James Griffiths, minister of national insurance, told a fuel and electricity economy conference here Thursday.

Although coal stocks at gas works and power stations were higher than a year ago, the domestic and non-industrial consumption still caused great anxiety.

**LEAVES LARGE ESTATE**

Toronto, Oct. 10 (CP)—An estate valued at \$1,477,248.00 was left by the late Ernest Frank Wright, president of the plumbing firm of Bennett and Wright, Ltd., who died July 31. It was revealed Thursday when his will was filed for probate.

Toronto, Oct. 10 (CP)—Chairman Clarence Brown of the United States House of Representatives Committee on newspaper said Thursday that any undue increase in the price of newspaper would result in grave trouble to United States publishers, especially the smaller ones.

He cautioned that there was resentment among small publishers who had experienced shortages, and that there was pressure on Congress to subsidize the building of newspaper mills in Alaska, and in the United States.

He hoped that Canadian manufacturers would find it wise to avert to increase which might do harm to both the United States publishing and Canadian newspaper industries.

Mr. Brown made his remarks at the concluding session Thursday of the annual convention of the Canadian Newspaper Association.

He followed his remarks with an attempt of yesterday to get the association to agree that it should accept in the way of a stable constant charge and counter-charge.

On the Greek-Balkan issues which has brought the main malcontents between the Slav countries and the rest, any speech by a pro-Russian delegate could be forecast accurately by any who had heard the speaker's statements. They varied only in the extent of epithets used.

**25 P. C. INCREASE**

Chairman Brown said that expressions at yesterday's meetings and caused him and United States publishers much concern.

"I can't help but take cognizance of the fact that the average price of newspaper has gone up 25 per cent as far this year over last, and that the earnings of newspapers of the United States have gone down and apparently still are going down."

"I feel bound to call the attention of my Canadian friends to a similar increase by 1940."

The Association have decided to hold their annual convention in different parts of the province instead of each year in Toronto, and by so doing it is expected more boards will become interested and send their trustees to these conventions where matters pertaining to secondary education are discussed.

Board problems are brought forward by the attending trustees.

## Boy Scout Jamboree News

Remember the day last fall when it rained so hard? Well, that was Apple Day. And that's what I'd like to talk about today.

Most every Saturday, now, when you go down town, some worthy organization is having a "Tag Day. Well, maybe you think Apple Day is just another one of them. But it's not really. It's altogether different. You see, we Scouts and Cubs can't take anything for nothing, so we give you an apple, and you give us a nickel or dime or whatever you like.

And people are all in line to stand out there in the rain (Why does it always rain when Apple Day anyway?) that the day seems to just run by, and before you know, next time we

go back to refill our baskets, there are no more apples. So we have to quit.

But you know, it's that apple people give us that counts more than anything. For if people here in Belleville are cheerful tomorrow, no matter if it rains or shines, it will be the easiest thing in the world for us Scouts and Cubs to smile. We'll do it anyway, though, for we just can't help ourselves.

Someday, our Scoutmaster says maybe we'll have a real Scout Jamboree here in Belleville, but he says we'll have to work real hard on Apple Day, for all that goes toward helping out in this project. And wouldn't it ever be nice if we could take visiting Scouts and Cubs to our headquarters and show it off to them. So for this and many other reasons, you can see just how important it is that we have a Jamboree very soon. If we even had a vacant building, we could turn it into a regular place in no time at all.

## Aid for Unmarried Marcel Marcotte Father Advocated Sentenced to Die On Gallows

Montreal, Oct. 10 (CP)—

Marcel Marcotte was a shaken man as he walked out of the courtroom here yesterday, sentenced to be hanged Jan. 22 for the murder of his former friend and business partner, the late Old Marcel Holman.

Frank Galley, the 27-year-old assistant warden, said he had nothing to say before the sentence was passed. "I am innocent, every bit of evidence brought here to incriminate me was done by people seeking vengeance."

Marcotte was supported by two provincial politicians as Justice Wilfrid Lamont read the sentence.

He had almost completed a few minutes before the judge rendered the verdict. His mother and his young wife were led out of the courtroom before the verdict was given. Two hours after the jury had adjourned to deliberate.

The tall, thin, one-eyed man claimed that he had been told that Holman had committed suicide by jumping from the top of the head two months before his wife was discovered in the field. On pronouncing sentence Judge Lamont said:

"You have been convicted by a jury composed of 12 honest men. Until a day in June when the body was discovered you believed your crime had been well covered. But, as usual, justice has prevailed."

Marcotte said in a statement to police which he later repeated to court that Holman had committed suicide to his (Marcel's) ear and that he had driven around for three days with the body stuffed in the trunk because he was afraid to report it.

Crown Prosecutor Irene LaCombe called Marcotte an extremely intelligent, cold-blooded man, who had driven his wife and child to church with the corpse of his friend in the back of the car.

(At Lake Success, N. Y., spokesman for Britain and for the Jewish agency for Palestine denied the importance of the Arab League action. The Jewish agency spokesman called it obviously a "propaganda thrust" intended to coincide with United Nations deliberations on the problem of the Holy Land's future.

(Jewish sources said the Arab committee would not be able to muster any major military force unless given considerable time. Hector McGillicuddy, Minister of State, declared "I can't believe that these responsible governments are reconciling such irresponsible behavior.")

There was no explanation of the plan, but Abdel Rahman Assani, Palestinian secretary-general of the League, said "We have been discussing measures we must take if the Jews try to erect a Jewish state in Palestine with their own security forces."

The Palestine Company

Demetrius, Syria, Oct. 10 (AP)—Ahmad Sharrabi, Syria's defense minister, said today that Syrian troops are quartered along the Syrian-Palestine border to protect the country against possible terrorist movements and Zionist espionage.

It was learned from other sources that the Syrian army is planning large-scale maneuvers near the border beginning tomorrow.

Sharrabi said the troops were at the disposal of the Arab League, which voted in Beirut last night a resolution calling on Syria, Lebanon, Trans-Jordan and Egypt to "take military precautions on Palestine boundaries."

The defense minister declared that Zionist espionage and terrorist activity had increased greatly in recent weeks.

# Mayor Saunders May Be Given New City Post

Toronto, Oct. 11 (CP)—Mayor Robert Hood Saunders will resign as mayor of Toronto before the end of the month to accept a new position at the city's Division of Services, it was learned last night.

The new position was established by a special meeting yesterday of the four-man Board of Control, headed by Mayor Saunders. The Board unanimously agreed that Mayor Saunders is the logical choice for the post.

An interested source in filling his position as mayor to the best of his ability," commented Mayor Saunders. "However, if such an offer is not available, I would give it my very careful consideration. I intend to think the matter over during the week-end."

Under the Ontario Board's suggestion, the new position would be one of wide power, apart from the mayoralty. The director would be superior to any city department head. He would direct the channel department efforts to improve municipal services.

No salary figure was mentioned in the Board's proposal but its supporters contended that the position should carry a stipend greater than that of the city's D. O. A. Leaside—who draws a maximum of \$15,000 yearly.

# Balmy Beach Starts Off Big Football Weekend With Victory Over Windsor Rockets

Argonauts Play Twin Bill With Hamilton Walks the Alouettes Miss Ottawa

(By The Canadian Press)

Football's big Thanksgiving weekend program, already started off by Toronto's Balmy Beach on a victory note, gets down to concentrated action today in a "double-header" featuring the old rivalry between the city's Argonauts and the Hamilton Tiger-Cats.

The Argonauts started the ball rolling in a floodlighting match at the city's Mackenzie Stadium last night, when they whipped Windsor Rockets 26-14.

The Argonauts' victory was a result of the continued superiority of A. W. Brown.

Today, the re-match, boys get action for the first time with a half-hour delay in the Argonauts' victory over the Windsor Rockets. The Argonauts' victory was a result of the continued superiority of A. W. Brown.

# There just isn't enough "PRESTONE" ANTI-FREEZE

Unprecedented demand . . . shortage of raw materials . . . two straight-forward reasons why dealers must disappoint so many motorists

This season's demand for "Prestone" Anti-Freeze has increased faster than our ability to procure the necessary raw materials and to expand our manufacturing facilities.

Every gallon of "Prestone" Anti-Freeze is being shipped to our outlets as fast as we can make it and at the pre-war price. Not one gallon is being exported—every gallon we sell is branded with the trade-mark "Prestone". There is no shortage of containers—simply a shortage of basic raw materials, combined with a tremendously stepped-up demand from every district in Canada.

On behalf of more than fifteen thousand dealers who are trying to serve their customers, we express their disappointment—and ours—that the supply of "Prestone" Anti-Freeze may not be great enough to meet the demand.

The word "Prestone" is a trademark of

# HORSE SENSE BRIDGE

By SAM GORDON

The simple things outnumber most to your senses in bridge. In the taking of tricks, say, you may have an unlooked-for simple play which makes most of your opponents.

The two simplest plays, refusing (refusing) to establish long suit. So familiar do these come that a player may occasionally take his mind of them while having hidden suit.

Came this deal:

**NORTH**  
♠ 5 6 7  
♥ 5 6 7  
♦ 5 6 7  
♣ 5 6 7

**EAST**  
♠ 8 9 10

**SOUTH**  
♠ 10 11 12  
♥ 10 11 12  
♦ 10 11 12  
♣ 10 11 12

The bidding goes like this:

South 1♣ North 2♣ East 3♣ West 4♣

Four hearts is the ace and king, taking six tricks. The reply of the other three is a question that shows one ace and one king. Opponents have two kings. A second diamond looks dangerous.

West leads the ace of king. South looks ready to be refused. South's small suit is to be refused. South's small suit is to be refused. South's small suit is to be refused.

A brilliant cast brings artistry of a high order into a massive play in "The Son of Rusty," which is being shown at the Theatre Royal, Victoria, this week via Montreal and Toronto. The play is a masterpiece of the genre, better acting than it deserves. The play is a masterpiece of the genre, better acting than it deserves. The play is a masterpiece of the genre, better acting than it deserves.

The Robert Reed production was staged effectively by Reginald Denham and Charles Bennett, who provided a suitable set for this strange drama of twisted minds in the Orkney Islands.

Notes of New Arrivals  
"Command Decision" proved a last, admirable war drama revealing about the dilemma of a United States Army Air Force brigadier-general whose views on tactics differ radically from those of the high command. Paul Douglas was excellent as Gen. C. Dennis, the central character.

David Judas, a controversial play which seeks to present the picture of a man in a grotesque light, was generally derided by the critics. The play was produced by the Theatre Guild, New York.

Brooks Atkinson of the Times has called this production a masterpiece. The play is a masterpiece of the genre, better acting than it deserves. The play is a masterpiece of the genre, better acting than it deserves.

John Evelyn, who served her apprenticeship in Winnipeg, will play the role of an adaptation of "Cassius" by Andrew Allan. The play is a masterpiece of the genre, better acting than it deserves.

## Arabs Challenge U.N. Right To Decree Partition

### Action Seeks Experts Searching For the Law

By CLYDE BLACKBURN  
(Canadian Press Staff Writer)

Lake Success, Oct. 14 (CP)—The Arab League today called for an international conference to search for the law and principles governing the partition of Palestine, a move which the Arab League said might have to come from the International Court of Justice.

The Arab challenge, delivered by Fawzi el Khatib, president of the Palestine committee and secretary of the Arab League, was a statement in support of a partition of Palestine.

It questions the authority of the U.N. to say that any country shall be divided and that the U.N. is the only body which can decide the fate of the peoples concerned.

The Arab League said it was not willing to accept the partition of Palestine and that it would be presented formally for the consideration of the U.N. committee.

It is a reference to the world's largest body of Arab states.

Khatib's delegation has not yet expressed an opinion on the U.N. committee's report.

It is made probably by the U.N. committee, which is the only body which can decide the fate of the peoples concerned.

600 and the Athletic Central Act do not being fully utilized." In addition to his youth department, the Liberal Party proposed to set up a "Junior Tourist and Travel Bureau" to encourage young people from other countries and provinces to visit Ontario and to provide vacation information for Ontario young people.

Concerning the provincial youth department, he said: "All possible assistance and co-operation would be extended to those groups of individuals who

have pioneered and accomplished so much in this important field. We would undertake to give practical vocational guidance and extend the same to smaller municipalities. Cultural, artistic and musical development among young people would be promoted by encouraging music festivals and similar events throughout the province, particularly in the areas. Assistance would be given to talented young people by furthering their progress and ambitions."

"In placing the Ontario Ath-

letic Council Act and the work of the commission under the jurisdiction of the new youth department, the Liberal Government would be doing its utmost to give assistance to service clubs, youth boards and other organizations fostering sports development available to rural youth.

SECOND SERIES

# The Movie Column

By BOB THOMAS

Hollywood, Oct. 14 (AP)—Allen Fenn, who was the Queen of the 30s, for a while for a decade wants to make another picture.

Since her return to the screen in "Fallen Angels" two years ago, Allen has been content to devote her talents to her family and her life with husband Phil Harris. Although she has turned down "Glorious Betsy" as well as other scripts, she has told her studio she wants to work again.

Allen and Phil have agreed that she should return at her best, which means in a color picture, the world like to be with the old times of Ty Power, Joe Bonomo and Jack O'Brien. That's a combination that would set the marquee humming again.

The Cornell Widener had plans looking to New York Friday

but missed it by overstepping. So they booked themselves on four other flights to make sure they get on.

Joan Fontaine and Robert Montgomery have long pondered springing they may get their wings. They are hoping to do a dramatic room comedy, Jack Evans co-producer, but the only problem is which company would make the picture.

Anti-Air

Van Heflin is getting a town from MGM on his plans for a regular show. The studio has always discouraged programs for its stars, concentrating radio instead with production.

Once David Warner: Scarth "Good Sam," Leo McCarey, can't get it ready in time. All the member Mamas. Later it all shooting, but he'll rub out under the deadline, it is believed. To this observer, it seems thus far can make the smallness of "Great Expectations."

Bridge players have many had a hard time. How do they do it? By working with the inferior hands. Or by misdirection. The best of a good system they are attempting to follow.

Try to reach a game of slam contract because of the same pair for each bid. A good system has signals for telling each other when to bid each move when in keep going to open or to slam.

The usual signal for telling partner to bid at least once more is a takeout to a new suit. The usual signal for telling partner to keep the bid alive to at least a game is a jump.

So when in a jump adage. Only when a player has discovered enough tricks for game in the partnership hands. A jump is unneeded if used when a player does not yet see enough tricks for a game.

South held this hand:

♠ 7 3  
♥ A Q 10 9 7 4  
♦ A J 2  
♣ 10 9 8 7 6 5 4 3 2

The hand contains six tricks; four high cards and two aces in clubs. There are not enough for a game. The opening bid with this hand is one heart. It is the only correct opening bid.

North responded with the bid of one spade, for momentary responding bid showed at least three tricks. Being a takeout to a new suit, south is forced to bid again. What should he do now?

Two spades would be an assist. Two hearts would not be a takeout to a new suit. So, neither of these two bids would force partner to bid again. With nothing new, partner may pass.

Facing partner may pass, some players jump bid to three hearts in this spot. In their desire to reach a game, they jump to force partner to bid again. Would this be correct here?

South has six tricks. North shows three, six and three. Nine tricks are not enough for a game in suit. A jump would be wrong.

Good rules make profitable contracts.

The gibes pig, not from Ontario, and not a pig. South American cavy, distantly related to the rabbit.

By SAM GORDON.

Bridge players have many had a hard time. How do they do it? By working with the inferior hands. Or by misdirection. The best of a good system they are attempting to follow.

Try to reach a game of slam contract because of the same pair for each bid. A good system has signals for telling each other when to bid each move when in keep going to open or to slam.

The usual signal for telling partner to bid at least once more is a takeout to a new suit. The usual signal for telling partner to keep the bid alive to at least a game is a jump.

So when in a jump adage. Only when a player has discovered enough tricks for game in the partnership hands. A jump is unneeded if used when a player does not yet see enough tricks for a game.

South held this hand:

♠ 7 3  
♥ A Q 10 9 7 4  
♦ A J 2  
♣ 10 9 8 7 6 5 4 3 2

The hand contains six tricks; four high cards and two aces in clubs. There are not enough for a game. The opening bid with this hand is one heart. It is the only correct opening bid.

North responded with the bid of one spade, for momentary responding bid showed at least three tricks. Being a takeout to a new suit, south is forced to bid again. What should he do now?

Two spades would be an assist. Two hearts would not be a takeout to a new suit. So, neither of these two bids would force partner to bid again. With nothing new, partner may pass.

Facing partner may pass, some players jump bid to three hearts in this spot. In their desire to reach a game, they jump to force partner to bid again. Would this be correct here?

South has six tricks. North shows three, six and three. Nine tricks are not enough for a game in suit. A jump would be wrong.

Good rules make profitable contracts.

## Picton Basil S. Jenkins Dies of Injuries After Car Crash

Picton, Oct. 14 — Basil S. Jenkins died in hospital here last Saturday afternoon, as a result of injuries suffered when a car driven by Ray Carson collided with the rear end of the vehicle while Jenkins was engaged in repainting a tall light. Jenkins, en route to Picton, had stopped his

car when the light failed and was heading into the rear truck, which the taxi driver by Carson plowed him against: the one which was driven some distance before striking a telephone pole. He suffered a broken leg and fractured skull. Cars owned by Benson Taylor and Harold Cooper had stopped to assist Jenkins and were facing the same direction. Both men were thrown back into the ditch but the taxi driver avoided missing them as they slipped on either side of the taxi. Jenkins escaped serious injury.

Born at South Bay 43 years ago, Jenkins had spent all his life there on a farm, and was engaged in fishing. He was married. The funeral was held in Picton yesterday, under auspices of the Oddfellows Lodge of which he was a member. There was a very large attendance of relatives and friends, and many floral tributes. Interment was in Cherry Valley Cemetery, Rev. J. Canfield officiated.

Surviving him are his parents, Mr. and Mrs. Benson Jenkins and two brothers, Kyle and Edward. Fraternal Countess H. Caldwell investigated the accident.

# WHY WE ARE ON STRIKE AT CORBIN LOCK

TO EXPLAIN TO ALL CITIZENS OF BELLEVILLE WHY WE ARE ON STRIKE — WE WOULD LIKE TO PLACE BEFORE YOU A FEW CONCRETE FACTS:

WE HAVE STATED PUBLICLY THAT —

- SIXTEEN WORKERS, WHO ARE MEMBERS OF OUR LOCAL 533, UE-CIO, WERE FIRED BY THE COMPANY ON FRIDAY, OCTOBER 3rd AT 5:00 P.M.
- ON MONDAY, OCTOBER 6th WE, THE WORKERS OF CORBIN LOCK, MET IN FRONT OF THE PLANT AND MADE THE DECISION THAT WE WOULD NOT ENTER THE PLANT TO WORK UNTIL MANAGEMENT RE-HIRED THE SIXTEEN.

WE HAVE ALSO STATED PUBLICLY THAT —

- MANAGEMENT HAS REFUSED TO MEET WITH US, AND HAS MADE NO ATTEMPT SINCE THE STRIKE BEGAN TO MEET WITH US.
- THE AMERICAN HARDWARE COMPANY IN NEW BRITAIN, CONN., U.S.A., THE PARENT COMPANY OF CORBIN LOCK, HAS A CONTRACT WITH OUR UNION, THE UNITED ELECTRICAL, RADIO AND MACHINE WORKERS OF AMERICA (UE-CIO). THE WORKERS OF AMERICAN HARDWARE HAVE PLEDGED THEIR FULL SUPPORT OF OUR STRIKE.

We know the citizens of Belleville are aware of the wages paid in Corbin Lock, and in the other plants in the city, and we state that because we organized ourselves into the UE-CIO to improve our wages and working conditions the company fired sixteen of our brothers and sisters. Six hundred and fifty thousand workers in Canada and the United States are also members of the UE-CIO working under contract with hundreds of companies. This year these workers have won \$133,000,000 in wage increases.

HERE ARE SOME OF THE OUTSTANDING CONTRACT SETTLEMENTS IN CANADA

- PETERBOROUGH LOCK — 12c to 22c wage increase, 8 paid holidays, starting rates for men 82c an hour and 71c for women.
- HAMILTON WESTINGHOUSE — 16c an hour increase in 1947-48 contract year, 8 paid holidays, double time and a half for all holidays worked.
- WELLAND ELECTRO-METALS — 17c an hour increase, 8 paid holidays, average plant earnings will now be \$1.12 an hour.

These are the gains made by workers organized into the UE-CIO in other cities. These are examples of the gains that can be made by Belleville workers through the UE-CIO. Corbin Lock is the key to better wages and improved working conditions for workers in other Belleville plants. Your support of our strike is vitally important to every worker in Belleville. Our victory at Corbin will be a victory for a more prosperous Belleville. Fight for a better community by supporting the Corbin strikers!

### Head of Mine Workers May Take His Union Out Over

#### 1500 of Controversy

San Francisco, Oct. 15 (AP)—John I. Lewis, stripped of a vice-presidency of the American Federation of Labor, after an historic outburst of name-calling Monday, said he would lead his 150,000 United Mine Workers over the 1500 of controversy.

Underneath the current of bitterness which swept the 15th annual convention was the growing feeling that Lewis, who walked out with his 600,000 United Mine Workers over the 1500 of controversy.

The union has caused opposition within the Federation, which has since its return in 1922 to January 1946.

Lewis, who was charged by the union with which he was associated, was charged by the union with which he was associated.

Lewis took the glove off in his first outburst speech yesterday, leading the leadership into a shouting match, calling them "intellectually flat and stale."

"On this issue I don't think the Federation has a head," Lewis said, his neck was just going to be cut off."

The issue he referred to was the signing of non-communist affidavits by the union.

Lewis said that the union had been hit by a "big battle" which was being fought by the union.

## 16 Families Left Homeless By \$125,000 Fire

St. Basile, N.B., Oct. 13 (CP)—Further damage was planned for 54 families in 16 families left homeless in the village of 1,000 people after a fire broke out in the morning of 14 buildings yesterday afternoon.

Most of the homeless received temporary shelter in a church hall while others went to relatives and friends.

Local Red Cross officials at nearby Saint-John's received the damage and need of help after the fire and been contacted.

The provincial disaster relief officers, Stuart Griffin of Moncton, gave instructions to spare no effort. He said that clothing, bedding, food, medical supplies and financial aid were available.

Before most residents could start their Thanksgiving Day dinner, the worst fire in Madawaska county's history started shortly before noon in a hay-filled barn owned by Harrold Macdonald.

In a quarter-hour the flames, fanned by high wind, flamed a quarter-mile along both sides of the village's main street. Seven homes, two barns, two garages and three sheds were destroyed and four other houses suffered heavy damage before a change of wind saved the rest of St. Basile.

Apparatus and equipment were rushed from several New Brunswick and Maine border communities but with the St. John River 1,000 feet from the conflagration, firemen were handicapped by lack of water.

**SUCCESSORS TO INJURIES**

New Brunswick, Oct. 13 (CP)—David Otto, 35, struck by an automobile on highway No. 1 Monday night, died of his wounds today in Kitchener-Waterloo hospital from internal injuries, a fractured skull and fractured leg.

## Scantly Clad Woman Freed From Sanitarium

Stockholm, Oct. 13 (AP)—Police reported Monday morning that a doctor's wife who had broken into a Stockholm sanitarium yesterday in a scantily-clad woman (petticoat and shoes) had been freed in a flight two-mile sports parade.

Doctors from Norway said the couple later had made a forced landing in a mountain meadow near Kongsberg and were being held by Norwegian authorities pending investigations from Sweden.

Norwegian police identified the pet as Lind, Thoreen Akrell of Stockholm, a 36-year-old free-lance pilot, and Mrs. Louise Frede Kaaga.

Dr. Jacob Forell, Stockholm physician, said the woman was his sister, writer of a best-selling mystery.

Mrs. Kaaga's right hand was bitten off by a Polar bear at a Stockholm zoo when she was a child. Early this year, she was freed from a forced landing.

Police in Stockholm "didn't know" what he described as a telephone interview with the couple in saying they had hoped eventually to be married and to go to the United States.

Mrs. Kaaga declared that she had missed the hospital recently and was to be left alone by people to go home.

"I didn't get me in a room with Dr. Forell," she said, "I treated in such a way I couldn't find it any longer."

**CHILD KILLED BY RIN**

Kansas City, Oct. 13 (AP)—A five-year-old girl was killed and three other children were injured Monday when a school bus crossed a steel mill and overturned at the bottom. The participants children were removed through a rear door.

## Duke of Windsor Leaves for France

London, Oct. 13 (AP)—The Duke of Windsor, called for France and a woman with the Duchess Tuesday, without an invitation to the wedding (last night) of his niece, Princess Elizabeth.

The London Star said the Duke made it clear to his friends he would not attend the wedding unless the Duchess also was invited. The Duchess has not been received by the Royal Family since the Duke abdicated the throne to marry her.

The Duke's private secretary said neither the Duke nor the Duchess had received invitations to the 19th of October of Elizabeth and Lieut. Philip Mountbatten, and that it was doubtful they would attend.

**FIRE AND BIRTHS**

Reading Pa., Oct. 13 (AP)—Mr. and Mrs. Harold Marshall, 30, of Reading, Pa., were killed Sunday night by the Marshall home caught fire. The blaze, believed to have started in a furnace, took place in a forced landing.

Police in Stockholm "didn't know" what he described as a telephone interview with the couple in saying they had hoped eventually to be married and to go to the United States.

Mrs. Kaaga declared that she had missed the hospital recently and was to be left alone by people to go home.

A breakdown in negotiations between the Canadian Maritime Commission and the United Brotherhood of Carpenters and Joiners of America (CJO) today led settlement of the long-running dispute over the wages of 14,000 workers apparently hinged on the fact that the British Columbia talks at Canada Packers and Burns and McLean in the latter two Canadian "Big Three" industries.

The settlement of the CJO dispute was expected to be a precedent for the settlement of the 14,000 workers' dispute, which was expected to be a precedent for the settlement of the 14,000 workers' dispute.

The International Plowing Match opened recently at Hemlock Park, near Kington. Lieut. Gov. Ray Lawson was on hand to officiate. The crowds from near and far spent most of their time in the tent city seen

above, where various manufacturers exhibited their farm machinery and gave demonstrations of equipment. Displays were also put on by government departments. Some "poultry" plowing events were held.

John Hope, 18, of North Cove, who started plowing at last year's match, won the county class for boys. He is the son of Dr. E. C. Hope, former professor at the University of Saskatchewan and now farm adviser to John Bracken.

More than a mile of continuous aluminum pipe is used to serve a water supply to the headquarters and display sections of the match grounds. It is unrolled from huge drums and laid like a cable across the fields. Workmen are seen here welding the joints.

Peter Manley of Berwick, special winner in the Stormont and Second Dundas event, is seen here as he prepares to try for the championship.

Harold Greenless of Lindhurst, Leeds, Westbrook, Frontenac County, is plowing County, a county winner (left) checks the record in the county match and hopes to take or further plow. Joan Holmgren, 16, of the intercounty award.

#### THE THINGS YOU SEE ON HIGHWAYS THESE DAYS

To the hazards of motoring in Saskatchewan these days, add the fact that you are apt to meet some kind of a building coming around the next bend. Three sections of an airforce building were moved from the Moshab airport to Chaplin where they

will be used as housing accommodation at the government's sodium sulphate plant. The trip took about four days and when this picture was taken the movers were negotiating a curve on No. 1 Highway near Parkburg.

#### WEDDING CAKE FOR PRINCESS

A wedding cake, five feet high, is pictured as it arrived all crisscrossed from Australia. It is a gift to Princess Elizabeth from the Australian "Country Women's Association." It arrived in six separate boxes and members of the crew of the plane which carried it are pictured unloading the cargo. It was made by David Jones of Sydney and the ornate icing decorations were done by C. de Mars. It took eight days to build in color, four small plaques at the base of the cake, bearing the Australian coat-of-arms. Each tier is inscribed with the name of a different Australian state. Britain's royal bakery will have a delicate job assembling it.

#### Continue Probe Into Murder Of New-Born Baby

Buckingham, Ont. Oct. 18 (CP) — Quebec Provincial Police today continued investigation of the murder of a newborn baby killed Tuesday and which was supposed to have been strangled to death by a woman's plastic pants hauled around the neck.

An inquest into the baby's death opened here last night but was adjourned pending further investigation. The baby was believed to have been in the river two or three days when it was discovered wrapped in a woman's shopping bag which also contained a woman's sweater and skirt. The baby was wrapped dead with a two-pound stone. An autopsy performed in Montreal showed that the baby, a normal nine-month boy, had been alive before the plastic pants were hauled around his neck.

#### COFFIN SHIP ON B.C. COAST

Lying on her side, partially out of the water, this ill-fated vessel Gulf Stream holds bodies of one woman, three children. The boat struck on Barken Rock Island while running at full speed off the B.C. coast near Powell River. Five persons were drowned, and operations to recover the bodies of four have been hampered by 60 m.p.h. winds.

#### FOLLOWS HIS OWN RULES

Charles Luckman, chairman of President Truman's food conservation committee, observed eggless and poultry-less Thursday by eating a cheese sandwich and drinking a glass of milk for lunch. "The food chairman complied with his conservation program's 'eat less poultry' appeal while dictating to his secretary, Miss Evelyn Meehan.

#### Princess and Mountbatten Will Not Drive Thru London Streets After the Wedding

London, Oct. 16 (AP) — Plans for Princess Elizabeth and Lieut. Philip Mountbatten to drive through London streets in a state carriage after their wedding Nov. 30 have been cancelled as a safety precaution. It was learned today. The royal family resolved upon the cancellation, qualified sources said, after being informed by the Cabinet that London's streets and the Home Office could not handle a drive involving thousands of people, which should be taken. There were to have been a large crowd following the carriage, either in the streets or on the sidewalks. The cancellation was a relief to the authorities in Western Europe, who had been worried that the wedding might not be a success. Under the revised plan, the royal couple will be driven to the wedding in a motorcade.

The departure of Elizabeth and Philip for their honeymoon destination — at Vancouver — will entail extraordinary security measures, developed jointly by the police and the Buckingham Palace security staff.

#### Point Traverse Basil Jenkins Remembered For Brave Action

Point Traverse, Oct. 16 — The sudden passing of a well known resident of this community, in the person of Basil Jenkins, cut an atmosphere of gloom over the area during the weekend. Mr. Jenkins' tragic passing has brought deep regret, grief and sorrow to all who knew him.

It was seventeen years ago, almost to the day of his passing, that the late Basil Jenkins was being battered by great seas as he tried to ride a schooner's cable. The wreck was lost and was never seen again.

It was a tragedy to the community and the loss of two companions, who were drowned early Oct. 7, to the family of Basil Jenkins. The loss of the schooner, which was put into the storm-tossed lake on Oct. 7, when Miss Morrison died in hospital.

#### REMANDED FOR MURDER

Toronto, Oct. 16 (CP) — Ivan Cowden, 22-year-old rooming-house landlord charged with murder in the fatal bludgeoning of a woman, 16-year-old Mary Morrison, was remanded today to jail.

Cowden was taken to police by the Ontario Provincial Police, who found the girl bound on his bed with blood poured from a head wound, was charged the next day, when Miss Morrison died in hospital.

Police said the girl died of a skull fracture caused by what police say they believed were blows from a hammer.

### PEDIATRICIANS RECOMMEND WHEAT GERM CEREALS

A prominent child specialist on the staff of one of the country's largest Children's Hospitals gives this advice: "Many of us, including our children, eat too little thiamine or Vitamin B<sub>1</sub>. This is because we use too much sugar and too little thiamine cereals.

If we would use whole-grain cereals instead, we would get plenty of thiamine, and in addition we would get valuable amounts of several other of the B vitamins and of iron to our diets.

Another advantage of using generous amounts of the whole-grain products is that the cellulose in them helps to prevent constipation."

**Two Torpedo Attacks**

Midland, Oct. 16 (CP) — John S. Galbraith, who resigned recently as director of community planning for the National Housing Administration, Ottawa, charged last night that the present "invasion" of house construction field by government and large lending institutions was "a major threat to Democracy."

Mr. Galbraith, of the House and Republican Party, said he had been appointed as Minister Housing and Reconstruction, and he had been called for a revision of municipal assessment methods, a national housing loan by the Federal Government to individuals and the raising of individuals and the raising of house construction by private enterprise operating on an industrial basis.

"Unfortunately," he said, "a misleading and dangerous statement to the effect that the Federal Government is responsible for housing has been given wide publicity. This statement is misleading because it is meaningless."

Galbraith declared in a speech to the Midland Housing Club that "It is dangerous because the government was committed to a policy of public housing for a large percentage of the population. It will not be long before

# DETROIT BEATS HAWKS AS N.H.L. SEASON OPENS

By JACK GARY  
(Canadian Press Staff Writer)

The National Hockey League season opened last night with a Detroit Red Wings victory over the Minnesota North Stars.

In the first game of the season, the Red Wings, who were the defending champions, defeated the Stars 4-1.

The Red Wings scored twice in the first period, while the Stars managed only one goal in the third period.

The Red Wings' defense was solid throughout the game, and their forwards were effective in the attack.

The Stars' offense was hampered by a lack of coordination, and they were unable to score more than one goal.

The game was a close contest, but the Red Wings' superior play in the first and second periods proved decisive.

The Red Wings' victory was a good start to the season, and they are expected to be a contender for the championship.

The Stars, on the other hand, will need to improve their play if they are to have any chance of winning the championship.

# Canada Will be Represented In Hockey at Olympic Games By Team From the Air Force

Team Will Have Headquarters in Ottawa and Will be Represented by Dozen Ice

By GEORGE FORTNER  
(Ottawa from Staff Writer)

Ottawa, Oct. 18 (CP) — The Canadian Amateur Hockey Association says by last night that the answer to the 1964 question of how to compete in the Olympic winter games, an R.C.A.F. hockey team will represent the Dominion.

Smokes over the issue of whether to participate at all was waged across the whole of North America, the Atlantic and back of Europe.

President Al Pickard of the C.A.H.A. said tonight over the definition of an amateur team not to be allowed to play the game of hockey to go to the Olympics, the championship of the own sport.

The game is to be played at St. Moritz, Switzerland, next January.

After a free hand by the Canadian Olympic Games Committee to pick a team representative of all Canada, the R.C.A.F. hockey team, an organization not recognized in hockey.

The R.C.A.F. already has provided a team of 12 players, 10 of whom are Ottawa players. The last C.A.H.A. Amateur Hockey championship in 1961 was won by the R.C.A.F. team. The team was a success story of the continent.

Pickard's statement said the R.C.A.F. team will have headquarters in Ottawa, training both there and at Camp Borden, Ontario, a full full, last night announcement did not say.

The most possible prospect will be pulled from three persons—two from the Dominion, a spokesman said. The arrangement had been considered, he said, and details remained to be worked out.

Other hockey sources said, however, that already it was known the Olympic team would play in Ottawa City Hockey League, where the game is played to try and two or three teams.

Bill Roberts and Bruce, both of

recognized caliber.

Other practice, as well as making the colony at large to view the team in action, would be desired from exhibition being it was said.

Pickard made it clear, however that Canada has not abandoned the idea of a broader interpretation of amateurism.

The C.A.H.A. will continue to press for a more liberal definition of amateurism, but the present definition tends to encourage hockey players to play in the leagues with which the association wishes no part, his spokesman said.

# National Unity Appeal is Made By Archbishop

London, Oct. 17 (CP) — Most Rev. Cyril Garbett, Archbishop of the Province of Canterbury, today issued a public appeal for national unity, calling on British subjects to support the war effort by saving time and money, and by being "third-rate" in their private lives.

Garbett urged national unity in this grave hour in our history.

Garbett, in his pastoral address, said that the war is a test of the nation's unity. He said that the nation must be united in its purpose and in its action. He said that the nation must be united in its sacrifice and in its suffering. He said that the nation must be united in its hope and in its faith.

Garbett joined with most of the bishops of the Church of England in making this appeal.

# Wildcats and Mustangs Stand Out as Sure Thing, Like Death And Taxes, in Football Loops

Hamilton Brize With Strikings to Right and Western to Left. Both teams, Hamilton 19-14, 19-14.

By ROBERT CLARKE

Converted these touchdowns Canadian football fans could be pardoned today if they failed to subscribe to the theory that there is nothing certain except death and taxes. Every bit of evidence points in a conclusion that Hamilton Wildcats and University of Western Ontario Mustangs will exercise their rights without the opportunity of their respective coaches.

The Wildcats, whose playing schedule is such that they can be known as the "touchdown team," ran their victory string in the early Rugby-Toronto football game Saturday by whipping Kansas Imperial 26-7. Coach Ted Morris, in a happy moment, said that the Mustangs, who were the Senior Intercollegiate champion, snatched McGill's season 26-14. It was Western's 14th straight victory in a 14th straight game in a 14th straight season.

### 125,000 RAILWAY WORKERS READY TO STRIKE NOV. 3

**Demand From Companies 'Two Weeks' Annual Vac.**  
St. Paul, Pa., Oct. 20 (AP)—Officials of Canada's two main transportation systems announced today that they would extend to union leaders in an effort to forestall a walkout of 125,000 railway employees in November 3.

The union, Railway Express Employees' Association, said that the company's offer of a two-week annual vacation was not to be accepted.

First word of the without action yesterday when the two railways and Canadian Pacific Railway Company "received notice" that employees would not accept and possibly withdraw from their services. Nov. 3 is a day in demand for two weeks' annual vacation.

Shortly after the companies were asked to accept a joint statement was issued saying that a meeting would be held this afternoon.

No Comment

A union official, W. R. Hall, said action of the union's joint negotiating committee, which served notice of no compromise, was based on a possibility that companies would not agree to the terms not ruled out by the strike notice.

He said that the companies would not accept the terms of the companies would not be affected by any already have variations with pay, added that the employees engaged in trade service will withdraw at the end of the strike on the strike date.

Rio De Janeiro, Oct. 21 (AP)—Brazil, second largest country in the Western Hemisphere, announced today that it has severed diplomatic relations with Russia.

The announcement said diplomats specializing that Brazil might eventually extend the break to countries in the Soviet sphere of influence. They recalled Chile's recent break with Yugoslavia.

The break with Russia made another situation already virtually in effect. Brazil resumed relations with Russia in 1945 but severed them in 1946 for political or cultural exchange.

Prime Minister Getulio Vargas said that the break was a result of the Russian attitude towards Brazil.

## Grote Stirling Resigns Seat

St. Louis, Oct. 21 — (AP) — Britain furnished 100,000 tons of aid to the United States in the last 100 days of the war, according to the British ambassador here, Sir John Gort, who said that Britain had done more than its full share.

"It is not so," the British ambassador said in a speech prepared for "Harvey Robinson" in the morning of the opening day of the National Foreign Trade Convention.

"What indeed?" we repeated. "We have paid out to Europe and the United States of the last 100 days more than \$1,000,000,000."

"That sum," answered Sir John, "is not the total of the aid given to the United States. It is only the aid given to the United States in the last 100 days of the war."

"We have done more than our full share," he said, "in the last 100 days of the war."

Ottawa, Oct. 21 — (CP) — Sir John Gort, ambassador of Great Britain, resigned his seat in the House of Commons today after a speech in which he said that Britain had done more than its full share in the last 100 days of the war.

## How would You answer this question?

"I'm seeing my lawyer about this tomorrow, Bob, and I'd like to appoint you Executor, May 1st."

This was Bob's answer: "I appreciate the honor, Jack... but I can't accept. And that is for your family's sake. Why even now I have to get help on my personal income tax."

"To handle an estate requires experts on income tax, duties, other taxes, insurance, real estate management and so on. And besides, who says I'll live longer than you? Or how much longer?"

"Why not play safe, as I've done? For my wife and the children's future security I've appointed National Trust my Executor."

You can make sure that your estate will be wisely managed... and that your family will benefit to the utmost... by naming National Trust your Executor.

# MASS MEETING

## Thursday, Oct. 23rd in Collegiate Auditorium

### AT 8 p.m.

This week has been designated by the Corbin Workers Strike Committee as "Win The Strike Week — Make Corbin Settle!"

To make Belleville a Union town with Union wages means to raise the living standard of the entire community. More money in our pay envelopes will mean more sales for merchants, more food on our tables and more better clothes for our children. Job security will remove the fear of unemployment from our thoughts. Better working conditions, paid holidays, and paid vacations will protect our health and peace of mind.

Every worker, every worker's family in Belleville has a stake in the Corbin strike. The workers and citizens of Belleville have stood firmly behind us since the strike began. We now ask Belleville to publicly demonstrate its support of our strike once again.

## Come to the Mass Meeting in the Belleville Collegiate

**WITDRAW TROOPS FROM PALESTINE BEFORE MARCH '49**  
Britain Says This Action Will be Taken If Question Not Settled

London, Oct. 23 (AP)—Britain's decision to withdraw troops and administration from Palestine by March of 1949 "is the very latest," the United Nations said to settle the Holy Land problem, an authoritative informant said today.

Britain's new move served as a major action on the United Nations that she would give up her role of a Nations mediator in the Holy Land, but not so much as a withdrawal of troops. The British government had said recently that it would withdraw troops "within a limited period."

Under the 1947 plan to set up a "united" in reaching a final decision on the future of Palestine, British troops in New Britain and the Holy Land were to be withdrawn and a second jury, comprising six members, would be set up to settle a target date to be announced.

It was disclosed, meanwhile, that Gen. Sir Alan Gordon Cunningham, British High Commissioner in Palestine, had begun a tour of small towns and settlements in the Holy Land in an attempt to impress upon the people the necessity of withdrawing.

Without success, a touch with top-level British policy-makers in Palestine, the withdrawal would not "revitalize" the British position in the Holy Land, but would be ready to play its part in the withdrawal and not be capable to both Jews and Arabs.

**Commission Report  
On Milk Tabled**

Toronto, Oct. 23 (CP)—With debate expected on proposed new milk delivery and pricing regulations and possibly on a new securities act, the Ontario Legislature today enters the second day of its resumed session.

Amendment of the Milk Control Act along lines suggested by the report of the Royal Commission on Milk, was tabled today.

At the elimination of over-lapping duties of the milk delivery bodies considered yesterday, the milk bill would ensure the board to say which route milk should be delivered to the consumer.

It also calls for fixing at this present rates the prices of milk and distributors collect for milk, and provide for their delivery. They could be changed by the milk board.

Other bills given first reading today were the Ontario Milk Producers' Association bill, to amend the Milk Producers' Association Act, and the Ontario Milk Producers' Association bill, to amend the Milk Producers' Association Act.

## Whipper Risks Empire Title Here Fri. Night

Whipper Billy Watson, the perennial British Empire wrestling champion, will risk his title here tonight against a worthy challenger in the dark-horse South Canadian wrestler, Jack Claybourne. Watson was born and schooled in England, and is a professional match maker. Since then, he has won many colorful titles and has made a name for himself all around the globe. Four years ago Jack came to Canada and won the title. He failed in that first bid. Today the British has given for himself and with his additional twenty bouts, all of it made, and his greater experience, he will present a real push to his adversary. Whipper, Jack has agreed, if he does win here, to give the Whip a return go of it, not a match would probably be automatically scheduled into Maple Leaf Gardens. In any case, he believes this will have a great opportunity to see. These classical wrestling in action first. Watson is a very discouraged man today as regards the world title situation. Unable to gain more than a draw against them in the last match, he is becoming thoroughly discouraged at the time. He has been given in his attempts to gain a victory.

(Canadian Press Staff Writer)

Vancouver, Oct. 23 — (CP) — A New York's New football class, matching the Western Canada junior grid champions against those of the west, may be the book for the day of Vancouver.

Earlier, it was suggested here following an announcement that the Western Canada football class was to be played in Vancouver if this city's nine home team can take Calgary's nine away team in a two game total point home and home series.

The home team would meet the winner of the Saskatchewan-Winnipeg series here, Jack King, British Columbia representative on the western Inter-Provincial Football Council.

"At the annual meeting last January it was suggested that the C. C. Lincolns and the Alberta champions would play against the winners of the western series of Western Canada and if the B.C. entry — nine home team — defeated Calgary then Vancouver would definitely get the Western Canada title," King said.

The suggestion of a B.C. game was brought up by Frank (Vancouver Province) O'Brien, who said that "if the home team defeat Calgary there is a strong possibility that a New Year's Day 'Bowl' game between the Western Canada champions and the home team will be held here for the Canadian football bowl championship."

THAT WAS A DELICIOUS DINNER! BUT ON EACH SIDE, I MADE ME GUESSES.

I KNOW! I REALIZE YOU LEFT THE VALE BEFORE MY DINNER.

MY SORRY, DEAR! I WASN'T THINKING, AND KEEP YOU COMPANY, YOU FINISH.

## TILLIE • THE TOILER

By Russ Westover

"When, Rose—when?" said the accepted lover.

"Soon," replied the girl. "A week. Will a week be too soon?"

"All too long," said Fernando.

"But—as you wish, carissima."

"Go, then, and tell Don Timoteo and my mother," said Rose.

So sudden was her change from the receptive to the defensive mood that Don Fernando was at first amazed, then bewildered, then chagrined and at last angered. Was she playing with him? Did the little cat think she could run circles around him in this fashion? Laughing at him?

## JOHNNY HAZARD

By Frank Robbins

The girl entered the house, busied herself for a hurried moment with pen and paper. Then she summoned old Dona Maria, mistress of the servants, fat, motherly, and kind.

"Have this note sent at once to Mr. O'Hara," said the girl. "And understand yourself, and cause the others to understand that I am no more at home."

"Perhaps I too am unfortunate in his absence," Fernando retorted. "What's the idea, anyhow? Why do you suddenly get disagreeable? First a kiss—"

## Woodland Fires Devour 300 Homes At Bar Harbor

### 3,500 Persons in Resort Flee by Land and Sea

**DOLLARS USED AT RUINOUS RATE SAYS CHANCELLOR**

London, Oct. 24 (CP)—The Chancellor of the Exchequer, Hugh Dalton, told the Commons today that the current damage to British gold and dollar reserves averages \$200,000,000 a year, a "ruinous rate which cannot be continued."

It can only be checked by exporting more and importing less in respect of the dollar, he declared. "There is no other way second it is."

As a result of accounting of Britain's financial position, Dalton forecast that the dollar deficit could be reduced to \$1,000,000,000 a year by 1949.

It was seen in achieving all that the British Treasury (for Economic Affairs) has been doing at the rate of \$100 million and \$200 million dollars at the beginning of 1949 a dollar deficit of \$1,000,000,000 a year by 1949.

In Britain the bill is one of \$100 million a year by 1949.

Bar Harbor, Me., Oct. 24 (AP)—This fabled summer playground of the rich and the very rich was virtually closed today as a result of a fire that destroyed 300 homes including summer cottages and motels along the coast.

The fire started in a wooded area and spread rapidly, forcing thousands of people to flee by land and sea.

Firemen battled the flames for hours, but the fire was too large to control.

Many homes were destroyed, and the damage was estimated at \$26,000,000.

# TO OUR EMPLOYEES, THEIR FAMILIES AND ALL OTHER CITIZENS OF BELLEVILLE

IN THE INTERESTS OF COMPLETE UNDERSTANDING AND THE CONTINUANCE OF LONG ESTABLISHED FRIENDLY RELATIONS BETWEEN THE MANAGEMENT OF THIS COMPANY AND ITS EMPLOYEES, AND BETWEEN THE COMPANY AND THE PEOPLE OF BELLEVILLE, WE PRESENT THE ESSENTIAL FACTS PERTAINING TO THE STRIKE WHICH HAS BEEN IN EFFECT IN OUR PLANT SINCE 7 A.M., OCTOBER THE SIXTH LAST.

## HERE ARE THE FACTS

In reviewing our general Plant condition, from the point of view of the long disturbed state of production caused through no fault of our employees and management, but through conditions over which nobody had control as a result of delay in getting building materials for additional plant constructions and the necessary reorganization of existing plant facilities, it became absolutely necessary that we survey the situation affecting our many departments.

The survey proved the necessity of making certain temporary employee adjustments because of new plant construction and other adjustments and certain of our employees were notified of a layoff, but that employment would be arranged for them as quickly as circumstances permitted. This decision was put into effect on Friday, October 3rd, with the layoff being made on a basis that preserved seniority. These employees were not "FIRED" but were simply laid off due to conditions over which we had no control.

Without any previous notification whatsoever as to reasons why, or basis of action a strike was put into effect at 7 a.m. Monday morning, October 6th. Many of our employees appeared at the plant, prepared to go to work, only to find picket lines already established, making orderly entrance to the plant difficult. Despite the picket lines almost five factory employees of their own desire entered the plant and worked. Employees continued to enter the plant until Wednesday, October 8th. When after consulting with those employees still working which included foundry employees who are organized under and represented by the International Molders and Foundry Workers Union of North America affiliated with the American Federation of Labor, their certified bargaining agents, it was decided in the interest of the employees' personal safety, the factory should be closed until further notice.

Previous to calling the strike, no demands or requests whatsoever were made to the company.

On the morning of October 6th the management received a request to meet a committee of five — two of which were not employees of the company. The management offered:

"A" To speak to the employees as a group

OR

"B" To talk to the employees individually

OR

"C" To meet a committee of employees, with the only stipulation that we would not accept anyone on the committee who was not an employee of the company as of October 6th.

The forthright fairness of this position is very evident.

## ADVANTAGES OF BEING A CORBIN EMPLOYEE

### PLANT AND WORKING CONDITIONS . . .

When the new additions and alterations to our present plant, are completed, our plant will be one of the finest in Ontario. In planning these additions and changes, every possible consideration has been given to the health, comfort and welfare of our employees.

Following are some of the modern installations being provided for the comfort of our employees:

Ample ventilation throughout the plant.

Maximum natural light, using "AKLO" type glass to exclude heat rays of the sun.

Refrigerated, sanitary drinking fountains, conveniently located.

Wash rooms and toilets, well equipped, in convenient locations.

Electric lighting of the most modern type.

Three rooms set aside for first aid treatments, with a registered nurse in charge.

Heating, thermostatically controlled.

Machinery equipped with safety guards.

Soft drinks and milk available, with all profits from their sale being used for the entertainment of the employees and their families.

Safety committee active at all times to assure maximum protection to our workers.

Blue Cross Hospital Plan made available to those choosing to obtain its advantages.

Chest X-rays provided at periodic intervals at the company's expense.

HOURS worked per week — 45. Any time worked in excess of 45 hours per week paid for at rate of time and one-half (excepting watchmen and engineers).

## EMPLOYEES' EARNINGS

The Company has been paying rates as good, indeed better than average in Belleville.

Besides the above the company gives six statutory holidays with pay, after three months service, namely New Year, Good Friday,

Dominion Day, Labor Day, Thanksgiving and Christmas.

Also one week's vacation with pay after one year's service and two weeks' vacation with pay for employees with five years service or more.

Contrary to reports recently circulated, this company has not for over six years declared or paid any dividend to its shareholders. All profits after payment of taxes during this period, have been used to increase our plant capacity and improve working conditions for our employees.

NOTICE IS HEREBY GIVEN THAT I have compiled with Section 8 of the Voters' List Act and that I have posted up at my office, City Hall, on the 15th day of October, a list of all persons entitled to vote in the said Municipality at Municipal Elections and that the list remains there for public inspection.

Persons who are aware of errors in the said list, or of changes which have been rendered necessary by reason of the death or removal of any person, and all citizens who have purchased property or become residents of the City or who have changed their place of residence in the City since the 1st of January, 1947, should examine the list to see that their names appear therein.

The time for making complaints as to error or omission will be twenty-one days from the date of this notice.

Dated at Belleville this 15th day of October, 1947.

J. WILFRED HOLMES, City Clerk.

# Protests Street Brawl in Causes Riotous to Many

## Police, Communists Battle in Paris

Paris, Oct. 29 (AP)—Unofficial counts of the number injured in last night's bloody battle between Communists and Paris police ranged today from 50 to 300.

The riotous street brawling, first mayor police street brawling in Paris since the bitter end of 1938, occurred only a few hours after Premier Bledier ordered his government to resign to deal with the National Assembly.

Communists estimated to number 10,000. They were seen in a call in their newspaper, L'Humanite, to go to the streets.

They began the Paris riotous street brawling and broke through the police lines. They began the Paris riotous street brawling and broke through the police lines.

# Easier Access to U.S. Markets for Colonial Products Urged by U.K.

## London, Oct. 29 (Reuters)—

Making a special announcement in the Commons today on Anglo-American tariff negotiations, Lord Wilson, newly-appointed member of the House of Lords, said that Britain had given special attention to the needs for the United States market.

Wilson recalled the declaration of Prime Minister Attlee in London, Wilson said, "in every case where any change is being made in the preference enjoyed by ourselves in any other Commonwealth market, that change has only been decided upon with the agreement of the country concerned."

"We have been particularly concerned to secure reduction in certain quarters that we have at any time been putting pressure on the United States, countries either by breaking up the preference system in general or by agreeing to any concessions on any of our products."

**BRITISH LABOR GOVERNMENT SUSTAINED**  
**Opposition Greets Vote With Shouts of 'Gag'**  
 London, Oct. 30 (AP)—The British labor government sustained today by less than 30 votes on two motions in the Commons yesterday—the lastest measure it has passed since the party came to power in August, 1924.  
 It has since 1924, when the labor majority approved a bill to extend the franchise to women, and on that date on a controversial government proposal to abolish the film ban, gasoline ration was allowed to British motorists. The Conservative opposition greeted the vote with shouts of "Gag" and "Gag."

A few months later the House defeated, 187 to 165, an opposition motion to allow the government to order the House to sit on the basis of a vote on the question of the House of Lords.  
 The closeness of the vote was due to the fact that the government was divided on the issue and to the fact that the opposition was divided on the issue.

**Elizabeth Launches Liner**  
**And Pays Tribute to Loyalty, Affection of Commonwealth**  
 Glasgow, Oct. 30 (CP)—Princess Elizabeth, today, paid tribute to the "affection and loyalty" of the Commonwealth as she launched the \$4,000,000 liner, the Queen Mary, in the Clyde. A sharp burst of cold rain fell as the Princess pressed a trigger as she started the towering liner into the water. The first to visit the Queen Mary was the Queen Mother, who was accompanied by the Queen's husband, the Duke of York.

The Princess, who is now 17, was accompanied by her mother, the Queen Mother, and her father, the Duke of York. Pyke, Mr. Gailor, and the Bronze trophy for the highest average score of cheese was made by the

Hon. J. G. Gardiner, Federal Minister of Agriculture, sent a message of congratulations, pointing out production was up while the cost of production was down. He commended the makers on their extra effort they are putting into their work.

Hon. G. A. Drew, Prime Minister of Ontario, also sent a congratulatory message to the people of Britain in desperate need of food. He said that because of its highly nutritive qualities, it is important that production be increased. He estimated a pound of cheese than can be prepared, be sent overseas to supplement the food supply of the allied peoples. Prince Edward also sent a congratulatory message to the Gold trophy given by Dairy Instructor E. W. Henderson to the makers of the best grade cheese. He had an average of 35 per cent and a score of 90 per cent.

Assisting in the presentation of the trophy to the makers of the best grade of Dairygold for the Province of Ontario, were J. M. Bain, Chief Dairy Inspector, and J. M. Macdonald, Western Ontario, who acted as judges in the factory competitions. Salmon Creek, Oct. 30 (AP)—A plane crash on Dog Lake Mountain killed Gov. Earl Warren and his wife. The crash was reported by a local hunter, Adjutant-General Raymond Olson announced Wednesday.

The plane was flying from Seattle, and the bodies of the governor and his wife definitely were identified on Governor Russell State Secretary Robert E. Felt's desk. The bodies were found by Marshall County and pilot Cliff Rieger.

Rieger said the report that all four were killed came from fishermen who trekked through the brush to the crash site and found the crashed plane.

Scoring was also high for first grade science. George Gallaghet of Black River led with 92.7 percent with William Anderson of Newport a close second with 90.5. Those with better than 90 percent were Cyril McKewon, Donald Harvey, Fred Newcomb. Five averaged better than 85 percent and none lower than 83 per

# Christmas Parcels to Britain

The time is approaching when the question of sending Christmas parcels to Britain becomes of importance and especially at this time of shortage of goods.

All parcels entering Britain are liable to the appropriate rates of duty and or purchase tax. There is no exemption for Christmas gifts, wedding gifts or any other sort of gifts. Nor is there any exception for parcels below a certain value.

Gift parcels must not weigh more than 22 or 20 pounds if sent parcel post. They must not contain inflammable and be marked as such. They must bear an itemized list of contents.

Concerning the duty and purchase tax the main points are: No duty or tax is at present levied on food parcels. Infants' clothing, toys or wool, and used clothing showing a reasonable amount of wear are completely free of tax. No duty is levied on Canadian goods except the exception of tobacco and a few luxury items such as silk (and nylon), fur, perfumes, watches, photographic records and others.

The purchase tax is levied on almost everything except on food parcels and infants' clothing and goods described above. On essential items (clothing of cotton or wool) plain crockery and so forth the rate is 10 to 25 per cent. On luxuries, toys, etc., still necessary, as hats, gloves, trunks, pieces goods, pens and pencils the rate is 15 to 25 per cent.

It is not normally the practice at present to ask for the surrender of goods in return for the gifts of goods to be rationing in the U.K.

Duty on parcels cannot be prepaid in Canada. The only way to relieve the recipient of the burden of paying duty is to send an international money order for the appropriate amount.

Many Canadians are now giving attention to the fact that their friends overseas and will see to it that they are started on their way without loss of time.

# A Sane Halloween

Halloween is at hand and once again the children and their elders too will give way to the freedom of that magic night which has been observed so long in history. About Halloween has gathered a wealth of legendary lore of imagination so that while the present age does not accept so much as the people of centuries ago accepted, still there is a rich residue of tradition and belief and a opportunity to use the past as a guide to the future.

Many Canadians are now giving attention to the fact that their friends overseas and will see to it that they are started on their way without loss of time.

A sane Halloween

the rich enthusiasm and faith of the young. But now and then some persons with prejudices or selfish interests seek to hinder the happy and festive spirit. Some with a perverse sense of caution seek to hinder the happy and festive spirit. Some with a perverse sense of caution seek to hinder the happy and festive spirit.

Halloween with its imaginative atmosphere is a celebration which can work to the benefit of the education and the entertainment of the younger folk.

A sane and sensible Halloween will enrich the lives of all people. No one is too young or too old to be beyond the inspiration of this season.

# Fat Man's Dedication

Another startling statistical upset comes to inform us that by recent calculations it is the thin man's turn to laugh.

The other day a psychologist went so far as to say that it is hoped for physical but not for mental health. It is hoped for physical but not for mental health.

Train-Stoppping

A little while ago informally named "Fat Man" was in a car of the Philadelphia Society for the Prevention of Crashty Animals today after more than forty-eight hours in the blackouts of the city's subway tunnels, says New York Herald Tribune.

Order Trains by Radio

A Cambridge, England, taxi firm has set up a permanent short-wave communication service with its cars. When a client rings up for a car, the car nearest to him is picked out and is then ordered by wireless to go to the address concerned. The firm expects at least a 20 per cent saving in gasoline as a result of the system.

# Tilbury Youth Not Guilty of Murder Charge

Ottawa, Oct. 7. (CP)—Victor Martin, 17-year-old Tilbury, Ont. youth, was found not guilty of the murder of Fred the Jeweler, of Cedar Junction, C. Martin was tried at Superior Court here last night.

Martin was tried to sustain the motion and of the trial case as a surprise. Victim was not announced until this morning.

After the verdict was given the admitted as evidence were blocked by H. A. McNeill, defense counsel.

After day-long arguments yesterday, during which

# Nibbling Termites Threaten Toronto

Toronto, Oct. 7. (CP)—Termites menace are on the nibble again.

These already little creatures that can nibble a mighty building are back, with latest reports of infestations in the eastern sections of the city.

Two new buildings have been found to be infested by what are known as subterranean termites that live and breed in the soil, and enter and feed on the structural timbers.

Civic officials and federal entomologists have made extensive studies of Toronto's termite problem and are at a loss to know how they arrived.

A large number of trees have been infested with termites which swarmed up the bark and gnawed the wood on.

One of the worst features of this type of termite is that it will not feed on live wood.

One cottage was found by experts infested with termites from the ground timbers to the rafters, and the ground around a school was stated as "fairly moving with the pests."

The termites, which lives in the soil is termed a "silent insect" and only the broader type, which is able to fly, does the family raising.

To combat the menace the localities ground around the base or cellar is soaked with a poisonous liquid.

James N. Wilander, 27, San Diego sailor, died in the ring last night after collapsing in his bout on an amateur boxing program. It was the seventh fatal injury of the year in United States boxing rings. Dr. W. F. Lynn said there was no obvious cause of injury. He said a heart attack may have caused death.

A routing welcome home is being planned for Penetanguishene's local hero, former Philadelphia Marlbledon. The Philadelphia Athletics's pitching ace, probably Canada's best, is returning after organized baseball, will return the same county town when he is welcomed home by the Red Fellers' All-Stars sometime next month.

# Annual "Book Week"

To Be Held Nov. 1-8

Friday, Oct. 20 to (CP) Canadian Book Week will be held Nov. 1-8, the Canadian Authors Association announced here. It will be officially launched with a public dinner Nov. 1, at which the main address will be given by William Arthur Dewart, literary editor of the Toronto Globe and Mail.

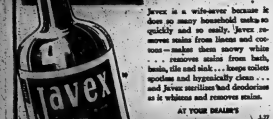

Reviewing the year, the association notes that it was marked by international literary production by Canadian writers.

Competition on the part of Mr. Dewart, president of the C.A.A., said he'd told the writers who have caused the literary movement, it is the readers. There is increasing evidence that people in the villages and on the farms are reading Canadian books and periodicals. That is the real victory."

Mrs. May Penley Harris, president of the Windsor branch, whose committee has prepared this year's book week, says, "We have opportunity to bookshelves, libraries, in the main, the woman, the child to join in celebrating this victory and to seek to spread the reading habit."

# Young Ducks Wander

Too Far, Get Shot

The Fox, Mass., Oct. 30 (CP)—First steps in a large-scale, long-term research of migratory birds are taking place in this area where ornithologists of the United States Wildlife Service, with headquarters in Washington, are studying duck and geese bags of specimens.

Some 200 specimens are being established along the route of the ducks feeding into the Massachusetts Bay and the Gulf of the stations, manned by Arthur E. Hawkins of Minnesota, is in this district. Hawkins has been examining birds since the start of the hunting season.

In addition to his present work, he has completed a survey of duck breeding grounds in the Massachusetts delta breeding regions east of The Fox and reports from his summer's work that breedings of ducks are lower even than last year which is the lowest recorded.

He believes that fowl were forced further north than usual this season because of spring flooding in the Massachusetts marshes but that, barring repetition of this for several years, the change is only temporary.

So far, his survey of these bags about 15 young birds taken from each older bird and he expects that the younger fowl often leave for southern climes earlier than their parents, wandering all over the country before settling in their course like their elders.

# **RISE IN COSTS JOLT BRITISH SHIPBUILDERS**

Owners Hesitate to Place  
Orders With Figures Running  
Far Higher Than Post-  
War Prices

By JOHN PATTERICK  
(Canadian Press Staff Writer)

London, (CP)—British ship-  
building orders have been  
jolted upwards because  
of high construction costs.  
The building dates  
are being pushed more  
than 18 months into the  
future because of the  
increase in the cost of  
materials and the shortage  
of labour.

This year at least a dozen ship-  
yards have construction that  
amounts to 2-10 to three times  
what has amounted for the  
past several years at gen-  
eral prices.

Canadian Pacific Railway, now  
based in London, has ordered  
a new ship. The shipyard  
has not yet delivered one since  
1945. The new ship is a

# **Canada's National Income for 1946 \$9,484,000,000**

Ottawa, Oct. 31 (CP)—Gross  
national income for 1946 is esti-  
mated at \$9,484,000,000, the Do-  
minion Bureau of Statistics re-  
ported. This compares with \$8-  
\$7,000,000,000 in 1945.

The bureau reported that the  
latest estimate of the Do-  
minion's "gross national product"  
—the market value of all goods  
and services produced in the  
country during the year—is \$1-  
\$1,414,000,000. This is an in-  
crease of \$1,414,000,000 over  
the figure for 1945 which was  
\$1,000,000,000.

The national expenditure also  
corresponds to the gross national  
product, for it also will be \$1-  
\$1,414,000,000.

Of the national income figure  
salaries, wages and supplement-  
ary labor income amounted to  
\$2,133,000,000. Government in-  
come was \$1,283,000,000. Cor-  
porate profits before taxes and di-  
vidends to non-residents were \$1-  
\$1,000,000,000.

Expenditure on consumer  
goods and services were \$7,483-  
\$7,000,000,000. Government ex-  
penditure was \$1,283,000,000.  
Personal income increased from  
\$4,031,000,000 in 1945 to  
\$5,383,000,000 last year.

Net incomes of agriculture and  
other unincorporated business  
were \$1,100,000,000.

# **M.P. Found Guilty Of Gross Contempt Of U.K. Commons**

London, Oct. 31 (Reuters)—  
Gerry Allagham, labor member  
of Parliament had a former Tor-  
onto newspaperman, in the  
House for publishing a news-  
paper article containing unad-  
vised imputations of irrespon-  
sibility against members of Westmin-  
ster.

A motion providing that he  
be carried without a division fol-  
lowed after a brief discussion and a lengthy  
speech from the opposing mem-  
ber.

The editor of the World's Press  
News, Arthur Hildreth, said he  
was declared guilty of gross contempt  
for publishing Allagham's allega-  
tions.

Parliament ran high in a second-  
ed Commons after the govern-  
ment presented a series of mo-  
tions condemning the conduct of  
Allagham and Hildreth.

# **One Man Rescued, Another Missing After Duck Hunt**

Stoukville, Oct. 31 (CP)—Gus  
Gusman was rescued and a search  
for another man who was shot  
while duck hunting who is missing  
after the last night of the  
hunt was in the St. Lawrence  
River about 20 miles west  
of here late Wednesday.

Paul Hall, 30, of 90 Edgewood  
Ave., was rescued by an un-  
known farmer who found him  
in the river. The three boats who  
were hunting ducks were  
rescued about 10 o'clock Wed-  
nesday night.

His companion, Kenneth John-  
son, 38, of 124 Brook St., who  
could not swim, was last seen  
about 10 o'clock Wednesday.  
The boat was found Thursday  
day at night. The boat had  
been shot hunting on the island  
about a mile off shore all  
day Wednesday and set out for  
the island about five o'clock.

Photographic letters to dis-  
tinguish the boat were not  
seen. It was back to 1975 when  
the letters were photographed to

# **Pontiff Denounces Totalitarianism**

Vatican City, Oct. 31 (AP)—  
Pope Pius yesterday denounced  
post-war totalitarianism which he  
thought to be a threat to the  
world, although he declared it an  
error to believe the two could  
be combined.

The pope's remarks came in  
the Sacred Roman Rota, one of  
the courts calling upon him at the  
Catholic Curia. He was in his  
residence at the start of his work  
day.
